File No. ITC-214-19981207-00852
Section 63.24(b) Notification of *Pro Forma* Assignment and
Section 63.21(j) Notification of Name Change

Dear Ms. Salas:

Pursuant to Sections 63.21(j) and 63.24(b) of the Commission's rules, 47 C.F.R. §§ 63.21(j), 63.24(b), AT&T Canada Telecom Services Company ("AT&T CTSC," formerly MetroNet Communications Group, Inc.), hereby files the instant notification of the *pro forma* assignment of the above-referenced international Section 214 authorization and name change. The transaction described herein was consummated June 1, 1999.¹ Therefore, this notification is timely filed pursuant to Sections 63.21(j) and 63.24(b) of the Commission's rules.

¹ An appropriate foreign carrier affiliation notification ("FCN") filing was submitted prior to consummation of the transaction discussed herein. See Public Notice, Report No. FCN-00007, FCN-NEW-19990421-00009 (rel. June 2, 1999).

I. DESCRIPTION OF TRANSACTION/DEMONSTRATION OF PRO FORMA STATUS

On June 1, 1999, MetroNet Communications Corp. ("MetroNet") and AT&T Corp. ("AT&T") consummated a transaction whereby certain of AT&T's Canadian telecommunications operations were combined with the operations of MetroNet.

In separate transactions completed prior to June 1, 1999, AT&T acquired a 23% non-controlling voting interest in MetroNet, and MetroNet Communications Group Inc. ("MCGI") continued under the laws of the Province of Nova Scotia. MCGI then merged with one of its wholly-owned subsidiaries (an unlimited liability company). As a result, MCGI became an unlimited liability company.

As a result of the transactions completed on June 1, 1999:

- AT&T Canada Corp. (formerly, AT&T Canada Long Distance Services Company) became a subsidiary of MetroNet. At the conclusion of the transactions, MetroNet held all of the voting stock and 69% of the non-voting stock in the capital of AT&T Canada Corp and AT&T indirectly held the remaining 31% of the non-voting stock of AT&T Canada Corp.
- MCGI became a wholly-owned subsidiary of AT&T Canada Corp.
- MetroNet changed its name to AT&T Canada Inc.

Immediately following the completion of the transaction, MCGI changed its name to AT&T Canada Telecom Services Company.

Accordingly, while MCGI's jurisdiction of incorporation, name and status as a limited liability company have all changed, none of its assets -- including its Section 214 authorization -- have been assigned, except on a *pro forma* basis. As a result of the changes in the MetroNet share structure described above, MetroNet (now known as AT&T Canada Inc.) is an indirect rather than direct shareholder of MCGI/AT&T CTSC indirectly holding 77% of the shares of MCGI/AT&T CTSC rather than directly holding 100% of the shares of MCGI. These changes do not constitute a substantial change in the beneficial ownership of MCGI/AT&T CTSC. For these reasons, this transaction is *pro forma* pursuant to Sections 63.24(a)(4) and (a)(5) of the Commission's rules.²

² As previously advised in the previous FCN filing, subsequent stages of the transaction, (continued...)

II. CERTIFICATION

By this filing, AT&T Canada Telecom Services Company hereby certifies that the assignment described herein was *pro forma* pursuant to Section 63.24(a) of the Commission's rules and, together with all previous *pro forma* transactions, does not result in a change of its ultimate control.

III. CONCLUSION

For the foregoing reasons, the assignment of the above-referenced Section 214 authorization (together with the incidental name change of the authorized carrier) was *pro forma* in nature and subject to the notification procedures of Sections 63.21(j) and 63.24(b) of the Commission's rules. In addition, all foreign carrier affiliations resulting from the transaction have been reported to the Commission.

Please contact Larry Movshin or Rob Morse at (202) 783-4141, if you have questions or need additional information concerning this notification filing.

Sincerely,

AT&T CANADA TELECOM SERVICES COMPANY

which if consummated will result in a substantial transfer of control or assignment of the above-referenced Section 214 authorization, are contingent upon certain regulatory and legislative developments in Canada. AT&T CTSC will file necessary applications and FCN filings at a later date should Canadian law enable the proposed transaction to move forward.
