c). Any questions or correspondence concerning this Application should be directed Applicant's attorney:

Patrick D. Crocker  
EARLY, LENNON, PETERS & CROCKER, P.C.  
900 Comerica Building  
Kalamazoo, Michigan 49007  
(616) 381-8844

d). Applicant will purchase communications services from other common carriers in order to furnish long distance services to its customers or subscribers from points originating throughout the United States. Applicant has not previously received authority under Section 214 of the Act. To better serve its customer base, Applicant desires to provide voice service to various international points through its resale services. As a non-dominant domestic carrier, the Commission forbears applying Section 214 certification requirements to Applicant's domestic operations.

e). Applicant hereby requests authority to resell the international services of authorized U.S. common carriers for the provision of international basic switched, private line, data, and business services to all international points. Accordingly, Applicant requests Section 214 authority to operate as a resale carrier pursuant to the terms and conditions of § 63.18 (e)(2). Applicant will comply with the terms and conditions set forth in § 63.18(e)(2)(ii). Applicant believes that there is significant potential for continued growth in the international voice market and that this market expansion will be accelerated by additional competition by new entrants. This position is consistent with the Commission's findings that increased competition in international markets benefits the public interest.

f). Applicant will apply for authority not subject to the streamlined processing under § 63.12.

- g). Applicant is not seeking facilities-based authority under § 63.18(e)(6).
- h). Applicant certifies that it is not a foreign carrier, nor has it an affiliation with a foreign dominant carrier. Individuals having greater than 10% ownership in Application are as follows:

See Exhibit A

- i). Applicant certifies that it has not agreed to accept special concessions directly or indirectly from any foreign carrier or administration with respect to traffic or revenue flows between the U.S. and any foreign country which the Applicant may service under the authority granted herein. Moreover, Applicant certifies that it shall not enter into such agreements in the future.
- j). Pursuant to Section 1.2002 through 1.2003 of the Commission's Rules implementing Section 5301 of the Anti-Drug Abuse Act of 1988, Applicant hereby certifies that neither Applicant nor any party to this Application is subject to a denial of federal benefits by Federal and/or state courts under authority granted in 21 U.S.C. 853a.

#### CONCLUSION

Applicant is legally, financially, and technically qualified to provide the service for which authority is sought herein. Granting of this Application would be in the public interest since it will promote increased competition in international telecommunications markets, thus benefitting the public by prompting competitive pricing and increased availability of service options.

For the reasons stated above, Applicant submits that the public interest, convenience and necessity would be furthered by granting Applicant's § 214 Application. The request for authorization should therefore be issued to Applicant for the purpose of providing resold switched voice communications from the United States to international points.

Respectfully submitted,

By: Patrick D. Crocker
