Coordinated Billing Services is a corporation organized under the laws of the state of Minnesota. Coordinated Billing Services has no foreign affiliations. The company intends to resell the telecommunications facilities of other common carriers and is not a facilities-based carrier. Coordinated Billing Services will offer service nationwide. Through its service, customers may originate calls nationwide or in other countries for termination in the United States or to other countries. The company seeks authority to resell international telecommunications services to better serve its customers by offering a full range of telecommunications products and services. Coordinated Billing Services will be able to offer its customers a valuable service at competitive rates.

International telecommunications services will be obtained by Coordinated Billing Services from other currently authorized common carriers. Coordinated Billing Services will resell the services of other facilities-based carriers that have obtained authorization from this Commission.

The provision of international serviced by Coordinated Billing Services will not have any significant impact on the general provision of such service to the public.
