APPLICATION

InterIce Ltd. ("InterIce") hereby requests authority pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and Section 63.18 of the Rules of the Federal Communications Commission (the "Commission"), 47 C.F.R. § 63.18, to provide International Simple Resale ("ISR"), or the use of international private lines for the provision of switched services interconnected at one or both ends between the United States and Iceland, and the reselling of international non-interconnected private lines between the United States and Iceland.

InterIce is an Icelandic corporation and a wholly owned subsidiary of Iceland Telecom Ltd. ("Iceland Telecom"), also an Icelandic corporation. InterIce and Iceland Telecom do not have any affiliations in any foreign country other than Iceland, a World Trade Organization ("WTO") Member country.

InterIce was granted Section 214 authority to operate as a facilities-based and resale carrier. The Commission's approval is stated in File No. ITC-214-19980713-00475.

The Commission's recent *Foreign Participation Order*,<sup>1</sup> which became effective February 9, 1998, sets forth the requirements under which the Commission will review applications for authority to engage in ISR with a carrier from a WTO country. Specifically, the Commission's Rules state:

Pursuant to the Section 214 authorization condition adopted in the *Benchmarks Order*, we will authorize carriers to provide switched services over international facilities-based or resold private lines [ ] on the condition that settlement rates for at least 50 percent of the settled U.S.-billed traffic on the route or routes in question are at or below the relevant benchmark adopted in that *Order*.<sup>2</sup>

InterIce hereby provides the following information demonstrating that the above requirement has been met:

1. Iceland is a WTO Member country;
2. Accounting Rate Agreements, which took effect on January 1, 1999, between Iceland Telecom and AT&T Corp. ("AT&T"), MCI (USA) ("MCI") and Sprint Communications Company L.P. ("Sprint"), respectively, set an accounting rate per minute of 0.20 SDR for services between Iceland Telecom and each of these carriers on the U.S.-Iceland route. Each of AT&T, MCI and Sprint filed an accounting rate modification request with the Commission reflecting an International Message Telephone Service ("IMTS") accounting rate of 0.20 SDR with Iceland Telecom.<sup>3</sup> This modified IMTS accounting rate of 0.20 SDR is

listed in the Commission's January 1, 1999 *Consolidated Accounting Rates of the United States*.<sup>4</sup>

3. Employing an effective rate of 1SDR = \$1.4806 (SDR conversion rate used in the Commission's January 1, 1999 *IMTS Accounting Rates of the United States (1985-1999) Report*),<sup>5</sup> Iceland's accounting rate of 0.20 SDR equates to an accounting rate of \$0.296, or a settlement rate of \$0.148, which is below the prescribed \$0.15 benchmark settlement rate for Iceland in the *Benchmarks Order*,<sup>6</sup> and

4. Based on the foregoing, Iceland now exceeds the minimum requirement for qualifying for ISR, *i.e.*, more than 50 percent of the U.S. billed traffic is settled below the benchmark settlement rate.

InterIce requests streamlined treatment of this Application pursuant to Section 63.12 of the Commission's Rules, 47 C.F.R. § 63.12. Grant of this Application will serve the public interest by promoting competition in the international services market.

In accordance with Section 63.18 of the Commission's Rules,  
47 C.F.R. § 63.18, InterIce provides the following information in support of this Application:

(d) InterIce has previously applied for and was granted authority under Section 214 of the Communications Act of 1934, as amended, to operate as a facilities-based and resale carrier pursuant to the terms and conditions of Sections 63.18(e)(1) and (e)(2) of the Commission's Rules, 47 C.F.R. § 63.18(e)(i) and (e)(2), including Iceland under Section 63.18(e)(6) of the Commission's Rules, 47 C.F.R. § 63.18(e)(6). InterIce was classified as non-dominant on all routes with

the exception of the U.S.-Iceland route. InterIce reserved its rights to request modification of its classification, at a later date, from dominant to non-dominant on the U.S.-Iceland route. The Commission's approval and classification are stated in File No. ITC-214-19980713-00475.

- (e) InterIce is applying for authority under Section 63.18(e)(3) of the Commission's Rules, 47 C.F.R. § 63.18(e)(3), to provide ISR between the United States and Iceland, including:
- (i) the resale of international private lines interconnected to the public switched network for the provision of switched services, including voice, data and facsimile between the United States and Iceland;
  - (ii) the resale of international private lines not interconnected to the public switched network for the provision of international private line services between the United States and Iceland;
  - (iii) the practice of "switched hubbing" through Iceland consistent with Section 63.17 of the Commission's Rules, 47 C.F.R. § 63.17.
- As indicated above, the accounting rate for more than 50 percent of the U.S. billed traffic to Iceland is 0.20 SDR. This rate translates to a settlement rate of \$0.148, which is below the prescribed \$0.15 benchmark settlement rate for Iceland.
- (f) At this time, InterIce seeks no other authorization available under Section 63.18(e) of the Commission's Rules, 47 C.F.R. § 63.18(e).
- (g) Not applicable.

- (h) (1) The Commission's approval is stated in File No. ITC-214-19980713-00475. InterIce is a wholly owned subsidiary of Iceland Telecom. InterIce certifies that, as a wholly owned subsidiary of Iceland Telecom, it is affiliated with a foreign carrier in the following country: Iceland. Iceland is a WTO Member country and therefore has opened its telecommunications markets to competition.
- (h) (2) InterIce is a wholly owned subsidiary of Iceland Telecom, which is owned by the government of the Republic of Iceland. The address for Iceland Telecom is as follows:
- Iceland Telecom Ltd.  
Austurvöllur

- (h) (4) InterIce will comply with the Section 63.18(h)(4) obligation for the continuing accuracy of the information provided under paragraphs (h)(1)-(3) of Section 63.18 of the Commission's Rules, 47 C.F.R. § 63.18(h)(1)-(3).
- (h) (5) InterIce, as a wholly owned subsidiary of Iceland Telecom, is affiliated with a foreign carrier in Iceland. Iceland is a WTO Member country.
- (h) (6) InterIce, as a wholly owned subsidiary of Iceland Telecom, is affiliated with a foreign carrier in Iceland. Iceland is a WTO Member country.

(h) (7) InterIce will file the quarterly traffic reports required by Section 43.61(c) of the Commission's Rules, 47 C.F.R. § 43.61(c), for U.S.-Iceland traffic.

(h) (8) InterIce was classified as non-dominant on all routes with the exception of the U.S.-Iceland route. InterIce reserves its rights under Section 63.13 of the Commission's Rules, 47 C.F.R. § 63.13, to request modification of its classification, at a later date, from dominant to non-dominant on the U.S.-Iceland route. The Commission's classification is stated in File No. ITC-214-19980713-00475.

(i) Consistent with the Commission's *Foreign Participation Order* concerning special concessions,<sup>7</sup> and pursuant to Section 63.18(i) of the Commission's Rules, 47 C.F.R. § 63.18(i), InterIce further certifies that it has not agreed to accept special concessions (as defined in Section 63.14 (b) of the Commission's Rules, 47 C.F.R. § 63.14(b)) directly or indirectly from any foreign carrier or administration with respect to any U.S. international route where the foreign carrier possesses sufficient market power on the foreign end of the route to affect competition adversely in the U.S. market, and InterIce has not agreed to enter into such agreements in the future.

(j) InterIce hereby certifies that no party to this Application is subject to a denial of Federal benefits that include FCC benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988.<sup>8</sup>

<sup>7</sup> *Foreign Participation Order* at ¶¶ 156-157.

<sup>8</sup> See 21 U.S.C. §853(a).

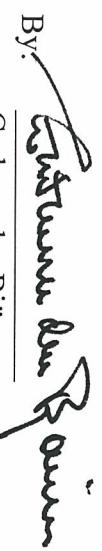

(k) InterIce requests streamlined processing for this Application pursuant to Section 63.12 of the Commission's Rules, 47 C.F.R. § 63.12. This Application qualifies for streamlined processing in that the affiliated destination market, Iceland, is a WTO Member country and InterIce has agreed to be classified and treated as a dominant carrier to the affiliated destination country under Section 63.10 of the Commission's Rules, 47 C.F.R. § 63.10, without prejudice to its right to petition for reclassification at a later date.

## CONCLUSION

Based on the foregoing, InterIce respectfully submits that Iceland satisfies the Commission's criteria for approving ISR pursuant to the *Foreign Participation Order* and requests the Commission to grant this Application.

Respectfully submitted,

INTERICE, LTD.
