to the public switched network at one or both ends, between the United States and all authorized international points.

I. Introduction

Through this application, NetSol, a California corporation, seeks authority to provide IMTS and IPL service as a facilities-based and resale carrier between the United States and all authorized international points. The public interest in more competitive and economical international communication services is well established and has been addressed by the Commission in numerous decisions. The Commission also has routinely granted applications by common carriers to acquire capacity in private international facilities and has granted applications to resell IPL facilities for the provision of switched services — i.e., International Simple Resale — along all approved routes. NetSol therefore submits that streamlined grant of this application is in the public interest pursuant to Section 63.12 of the Commission's Rules.

II. Section 63.18 Information

In accordance with Section 63.18 of the Commission's Rules, the following information is submitted:

- (a) The applicant's name, address and telephone number are as follows:

- (d) The applicant does not currently hold Section 214 authority.

- (e)-(f) The applicant requests facilities-based Section 214 authority pursuant to the terms and conditions of Section 63.18(e)(1) of the Commission's Rules and resale Section 214 authority pursuant to the terms and conditions of Section 63.18(e)(2) of the Commission's Rules to provide service between the United States and all authorized points. The applicant only seeks authority to resell international private lines connected to the switched network where such International Simple Resale services have been authorized.

- (g) Inapplicable. The applicant seeks authority to acquire an interest in facilities previously authorized by the Commission.

- (h) (1) The applicant has no foreign carrier affiliates.

- (2) The applicant's ten percent or greater shareholders are as follows:

Name:	Liping Chen
Address:	753 South Lennon Avenue Walnut, California 91789
Citizenship:	Republic of China (Taiwan)
Principal Business:	Telecommunications and Computers

Name: Yeajih Lin
Address: 753 South Lemon Avenue
Walnut, California 91789

Principal Business: Telecommunications and Computers

Name: Ya Chi Lin
Address: 753 South Lemon Avenue

Citizenship: Republic of China (Taiwan)

(3) The applicant is not affiliated with any U.S. international carrier whose international switched or private line services it proposes to resell.

(4) The applicant will update the information provided in this application as necessary.

(5)-(8) Inapplicable. The applicant has no foreign carrier affiliates.

(i) The applicant certifies that it has not agreed to accept special concessions directly or indirectly from any foreign carrier with respect to any U.S. international route where the foreign carrier possesses sufficient market power on the foreign end of the route to affect competition adversely in the U.S. market and will not enter into such agreements in the future.

(j) In accordance with the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862, and Sections 1.2001-1.2003 of the Commission's Rules, 47 C.F.R. §§ 1.2001-1.2003, the applicant hereby certifies that neither it nor any officer, director, or any entity holding five percent or more of its outstanding shares is subject to a denial of U.S. federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988.

(k) This application is entitled to streamlined processing under Section 63.12 of the Commission's Rules, 47 C.F.R. § 63.12, because the applicant is not affiliated with any foreign carriers and does not seek authority to provide switched services over private lines along routes that have not been approved by the Commission.

III. Conclusion

Respectfully submitted,
