Before the FEDERAL COMMUNICATIONS COMMISSION Washington, D.C.

In the Matter of:

STARCOM TELECOM, INC

APPLICATION OF AUTHORITY PURSUANT TO SECTION 214 OF THE COMMUNICATIONS ACT OF 1934, AS AMENDED, FOR GLOBAL AUTHORITY TO OPERATE AS A GLOBAL FACILITIES-BASED CARRIER AND AS AN INTERNATIONAL RESALE CARRIER

Application

63.18, to operate as a global facilities-based carrier and to provide global international pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C resale services between the United States and international points Section 214 (1982), and Section 63.18 of the Commissioner's Rules, StarCom Telecom, Inc. ("StarCom" or "Applicant"), hereby requests authority, 47 C.F.R. Section

I. The Proposed International Services:

Section 63.18(e)(2) to resell international, switched services of all authorized carriers to between the United States and all international points; unaffiliated, U.S. licensed facilities to provide international telecommunications services based eligible for streamlined processing. authority pursuant to StarCom requests four (4) types of authority in this Application, all of which are Section 63.18(e)(1) to acquire Specifically, StarCom requests: (1) global facilities-(2) global authority pursuant to ownership interests in

provide international switched services between the United States and all international ð resell international private lines to provide international private line services between the points served by those carriers; (3) global authority pursuant to Section 63.18(e)(2)(A) to to U.S. between the United States and all countries found to offer equivalent resale opportunities switched telephone network at one or both ends to provide international switched services because of their listing on the most recent exclusion list; and (4) global authority pursuant United Section 63.18(e)(2)(B) to resell international, private lines interconnected to the public States and all international points, other than those requiring special authority carriers

between the United States and countries designated by the Commission as offering authority to resell international private lines to provide international switched services U.S. authorized facilities, and connecting facilities not appearing on the Exclusion List; (b) private line services to countries not appearing on the Exclusion List equivalent resale opportunities; and (c) authority to resell international private lines to StarCom is hereby requesting: (a) facilities-based authority to obtain interests in

status report files under Section 43.82 of the Commissions Rules, 47 C.F.R. Section 43.82 channels of communication to satellites, and submarine cables in its circuit addition/circuit private lines in its traffic reports filed pursuant to Section 43.61 of the Commission's Rules StarCom will also report its resale of international switched services and international StarCom will report its acquisition of interest(s) in facilities, including earth stations

convenience and necessity by promoting competition in the international services market. By granting this application, the Commission will serve the public interest

N

Thus, the public interest will be served by the grant of Section 214 authority to StarCom. Competition will benefit U.S. consumers by increasing service options and lowering prices

II. The Applicant:

foreign affiliations as defined in Part 63 of the Commission's Rules agent or representative of a foreign telecommunications entity. Further, StarCom has no Delaware. StarCom is a corporation organized StarCom is privately held, and no StarCom officer or director is an employee and existing under the laws of the State of

based carrier and international reseller subject to Section 214 of the Communications Act, the grant of this Application, StarCom will become an authorized non-dominant facilitiestelecommunications services or operate any facilities which provide such services. Upon as amended, and the Commission's Rules StarCom has not previously received authority under Section 214 to provide any

III. Public Interest Considerations:

found international telecommunications market is to promote effective competition in the United could result in reduced rates, increased quality and new services. Commission has also moved ð prevent anti-competitive conduct in the provision of international services or facilities and States telecommunications market, including the market for international services, to encourage foreign governments The Commission's publicly stated policy goals for regulation of the United States that effective competition directly to establish an effective global communications market that to open their communications markets. advances the public The Commission has interests and The the
