service of other common carriers to)

a nondominant carrier from the)
United States to international points.)

File No. _____

APPLICATION FOR AUTHORITY

United States Advanced Network, Inc. ("USAN") hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214, and Section 63.01 of the Commission's Rules, 47 C.F.R. Section 63.01, to resell the international telecommunications services of other common carriers between the United States and various international points.

USAN is a corporation organized under the laws of the state of Georgia. The company intends to resell the telecommunications services of other common carriers and is not a facilities-based carrier. USAN's service will be offered for use by business and residence customers who subscribe to the company's interstate and/or intrastate services. Through USAN's service, customers may originate calls from locations within the United States to other countries, and from foreign locations to terminate in the United States. The company seeks authority to resell international telecommunications services to better serve its customers by offering a full range of call termination options. By providing international calling services USAN will be able to offer its customers valuable service at competitive rates.

International telecommunications services will be obtained by USAN from other common carriers who are currently authorized by the Commission to provide international service. Initially, USAN will only resell international switched services. However, USAN requests authority to resell private line service in the future as contemplated under Section 63.18 (e) (2) and subject to the restrictions imposed therein.

The provision of international service by USAN will not have any significant impact on the general provision of such service to the public. However, additional competition in the market - including the competition of USAN - benefits consumers of international telecommunications services. The benefits of competition include lower prices and increased availability of a variety of service options. Thus, the grant of this authorization is consistent with the public interest.

In support of USAN's request for authorization, the following information is submitted pursuant to Section 63.18 of the Commission Rules, 47 C.F.R. Section 63.18.

(a) The name, address and telephone number of the applicant:

United States Advanced Network, Inc.
3000 Northwoods Parkway
Suite 140
Norcross, GA 30071
Telephone: (770) 729-1449
Facsimile: (770) 729-8589

(b) USAN is incorporated under the laws of the state of Georgia.

(c) Correspondence concerning this application should be sent to:

(d) USAN has not received previous authority under Section 214.

(e) USAN requests Section 214 Authority to operate as a resale carrier pursuant to the terms and conditions of Section 63.18(e)(2). Specifically, USAN proposes to resell the international services of any authorized common carrier pursuant to tariff or contract duly filed with the Commission, for the provision of international basic switched, private line, data, television and business service to all international points, as authorized by the Commission.

(f) See (e) above.

(g) USAN does not seek facilities-based authority under Section 63.18(e)(6).

(h) USAN certifies that it is not a foreign carrier nor is USAN affiliated with any foreign carrier. Applicant further certifies that it has no affiliation with any U.S. Carriers whose facilities-based services USAN proposes to resell. In support of this certification, USAN submits the following information of its ten percent or greater direct and indirect shareholders or other equity holders.

<u>Name/Address</u>	<u>Citizenship</u>	<u>Principal Business</u>

(I) USAN certifies that it has not agreed to accept special concessions directly or indirectly from any foreign carrier or administration with respect to traffic or revenue flows between the U.S. and any foreign country which the applicant may serve and will not enter into such agreements in the future.

(j) The Applicant certifies that neither USAN nor any party to this application is subject to a denial of Federal benefits, as provided in the Anti-Drug Abuse Act of 1988, 21 U.S.C. 853a.

Conclusion

As demonstrated in this application, United States Advanced Network, Inc. is legally, financially and technically qualified to provide the services for which it requests authority. For the reasons stated above, applicant submits that the public interest, convenience and necessity would be furthered by a grant of this Section 214 application.

Dated this 11th day of November 1998.
