APPLICATION FOR AUTHORITY

E-Gate, Inc. ("E-Gate"), hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214 (1982), and Section 63.12 of the Commission's Rules, 47 C.F.R. Section 63.12, for global authority to provide facilities based international switched communications services, including international basic switched, private line, data, television and business services and to resell the international services of other common carriers for the provision of such services.

E-Gate's provision of international service will not have any significant impact on the general provision of such service to the public. Additional competition in the market - including the competition E-Gate will provide - benefits consumers of international telecommunications services. The benefits of competition include lower prices and increased availability of a variety of service options. E-Gate submits therefore, that grant of this application will serve the public interest convenience and necessity and requests that it be processed pursuant to the streamlined procedures applicable to non-

dominant carriers. See § 63.12 of the Commission's Rules, 47 C.F.R. § and 63.12. Pursuant to § 63.18 of the Commission Rules, 47 C.F.R. § 63.18, E-Gate submits the following in support of its request for authorization.

(a) The name and address of applicant:
E-Gate, Inc.
2230 George Marshall Drive, Suite 1001
Falls Church, VA 22043

(b) E-Gate is incorporated under the laws of the state of Delaware.

(c) Correspondence concerning this application should be sent to:

Washington, D.C. 20006

(d) E-Gate has not previously received authority under § 214 and will be a non-dominant carrier subject to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214 (1982) as a result of the proposed international operations.

(e) E-Gate is requesting Section 214 authority to operate as a carrier pursuant to the terms and conditions of § 63.18(e)(1) and (2) of the Commission's Rules, 47 C.F.R. § 63.18(e)(1) and (2).

(f) The public interest, convenience and necessity will be served by the grant of this application. Grant of this application will bring to the marketplace a variety of alternative competitive international telecommunications services. Consumers of telecommunications services will benefit from the increased price competition and the increased availability of services.

(g) E-Gate certifies that it has no affiliation with any foreign carrier. E-Gate further certifies that it has no affiliation with any U.S. carriers whose facilities-based international service(s) it proposes to resell.

(h) E-Gate certifies that it has not agreed to accept special concessions, directly or indirectly, from any foreign carrier or administration with respect to traffic or revenue flows between the U.S. and any foreign country which E-Gate may serve under the authority requested herein and that it will not enter into such agreements in the future.

(i) E-Gate certifies that neither it nor any party to this application is subject to a denial of federal benefits pursuant to § 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862.

E-Gate's 10% or greater shareholders are:

CONCLUSION

As demonstrated in this application, E-Gate, Inc. is legally, financially and technically qualified to provide the services for which it requests authority. For reasons stated above, applicant submits that the public interest, convenience and necessity would be furthered by a grant of this Section 214 application.

Respectfully submitted,
