Description of Application: _____

NetWorldOne Corporation
Application for Section 214 License

Application

NetWorldOne Corporation, hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214 (1982), and Section 63.18 of the Commission's Rules, 47 C.F.R. Section 63.18, to provide global international facilities-based and resale services between the United States and international points.

NetWorldOne is a new U.S. company organized to bring to the rural, suburban and other tertiary markets the digital world of the Internet and all of its associated business, entertainment and educational benefits. We will expand the International "I-Way" out of the cities and into the countryside so that all Americans can have equal access to this emerging cornucopia of information and communications.

By granting this application, the Commission will serve the public interest, convenience and necessity by adequately servicing this currently inadequately served market of customers by providing Internet services which will allow businesses, schools, communities and government agencies to take full advantage of the Internet. Thus, the public interest will be served by the grant of Section 214 authority to NetWorldOne.
