APPLICATION

Pursuant to Section 214 of the Communications Act of 1934, as amended, and Section 63.18 of the Federal Communications Commission's ("FCC") Rules, 47 C.F.R. §§63.18 et seq., San Diego Telemanagement, Inc. ("SDTI") by its undersigned attorney, hereby requests authority to operate as a resale carrier pursuant to the terms and conditions in Section 63.18(e)(2) between the United States and various international points. 47 C.F.R. §§63.18(e)(2). SDTI further requests that this Application be granted according to the streamlined processing procedures set forth in 47 C.F.R. §§63.12.

SDTI, a corporation organized under the laws of the State of California, is a nonfacilities-based carrier that intends to purchase telephone access services from underlying carriers to provide residential and commercial low cost telecommunication services within the United States and to international points as well. SDTI believes a significant potential exists for continued growth in the international voice market and that this market expansion will be accelerated by additional competition by new entrants.

OK

This position is consistent with the FCC decisions In the Matter of TMC Communications, Inc., 5 FCC Rcd 2466, fn. 9 (1990); See. Teltec Saving Communications Co., mimeo No. 3548, released April 4, 1986 and cases cited therein (competition in international markets is beneficial, competition will be in the public interest and that additional competitors will enhance that competition). The FCC has authorized new entrants that propose to resell international services. [See e.g. Marsch Communications Management, Inc., 3 FCC Rcd 821, erratum, 3 FCC Rcd 1685 (Int.Fac.Div.1988); International Telecharge, Inc. et.al., 2 FCC Rcd 1782 (Int.Fac.Div. 1987)]

SDTI believes that the added competition its entry will bring to the market will benefit the consumers of United States overseas voice services. These benefits include competitive pricing and increased availability of a variety of service options. The grant of this authorization will therefore further the public interest.
