STREAMLINED SECTION 214 APPLICATION

FT Networks L.L.C. hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214 (1994 & Supp. II 1996), and Section 63.18(e)(4) of the Commission's Rules, 47 C.F.R. Pursuant to 47 C.F.R. Section 63.12(c)(1)(iv), FT Networks L.L.C. requests that this application be granted streamlined processing because the Destination Countries are members of the World Trade Organization and FT Networks L.L.C. agrees to provide service on the U.S – Destination Country routes solely through the resale of unaffiliated U.S. facilities-based carriers' international switched services (either directly or indirectly through the resale of another U.S. resale carrier's international switched services).

By granting this application, the Commission will serve the public interest, convenience and necessity by allowing FT Networks L.L.C. to provide services on the routes in question, thereby promoting competition in the provision of international services with the attendant benefits to consumers.
