APPLICATION FOR AUTHORITY

National Telemanagement Corp., d/b/a 1-800-Call-USA ("Call-USA") hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214, and Section 63.01 of the Commission's Rules, 47 C.F.R. Section 63.01, to resell the international telecommunications services of other common carriers between the United States and various international points.

Call-USA is a corporation organized under the laws of the state of Texas. The company intends to resell the telecommunications facilities of other common carriers and is not a facilities-based carrier. Call-USA's service will be offered for use by residential and business customers who subscribe to or casually access the company's interstate and/or intrastate services. Through its service, customers may originate and/or terminate calls from locations within the United States to and/or from other countries. The company seeks authority to resell international telecommunications services to better serve its customers by offering a full range of telecommunications products and services. By providing international calling services Call-USA will be able to offer its customers valuable service at competitive rates.

International telecommunications services will be obtained by Call-USA from other common carriers who are currently authorized by the Commission to provide international service. Initially, Call-USA will only resell international switched services. However, Call-USA requests authority to resell private line service in the future as contemplated under Section 63.18 (e) (2) and subject to the restrictions imposed therein.

The provision of international service by Call-USA will not have any significant impact on the general provision of such service to the public. However, additional competition in the market - including the competition of Call-USA - benefits consumers of international telecommunications services. The benefits of competition include lower prices and increased availability of a variety of service options. Thus, the grant of this authorization is consistent with the public interest.

In support of Call-USA's request for authorization, the following information is submitted pursuant to Section 63.18 of the Commission Rules, 47 C.F.R. Section 63.18.

(a) The name, address and telephone number of the applicant:
National Telemanagement Corp.
d/b/a 1-800-Call-USA
8828 Stemmons Freeway, Suite 212
Dallas, Texas 75247-3721
(214) 640-4110

(b) Call-USA is incorporated under the laws of the state of Texas.

(c) Correspondence concerning this application should be sent to:

Nancy Watson
Assistant Secretary
National Telemanagement Corp.

- (d) Call-USA has not received previous authority under Section 214.
- (e) Call-USA requests Section 214 Authority to operate as a resale carrier pursuant to the terms and conditions of Section 63.18(e)(2). Specifically, Call-USA proposes to resell the international services of any authorized common carrier pursuant to tariff or contract duly filed with the Commission, for the provision of international basic switched, private line, data, television and business service to all international points, as authorized by the Commission.
- (f) See (e) above.
- (g) Call-USA does not seek facilities-based authority under Section 63.18(e)(6).

(h) Call-USA certifies that it is not a foreign carrier nor is Call-USA affiliated with any foreign carrier. Applicant further certifies that it has no affiliation with any U.S. Carriers whose facilities-based services Call-USA proposes to resell. In support of this certification, Call-USA submits the following information of its ten percent or greater direct and indirect shareholders or other equity holders.

Name/Address
George Lebus

Citizenship
USA

Principal Business
National Telemanagement Corp.

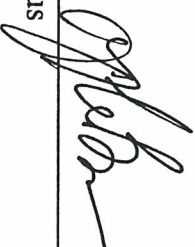

(i) Call-USA certifies that it has not agreed to accept special concessions directly or indirectly from any foreign carrier or administration with respect to traffic or revenue flows between the U.S. and any foreign country which the applicant may serve and will not enter into such agreements in the future.

(j) The Applicant certifies that neither Call-USA nor any party to this application is subject to a denial of Federal benefits, as provided in the Anti-Drug Abuse Act of 1988, 21 U.S.C. 853a.

Conclusion

As demonstrated in this application, National Telemanagement Corp. d/b/a 1-800-Call-USA is legally, financially and technically qualified to provide the services for which it requests authority. For the reasons stated above, applicant submits that the public interest, convenience and necessity would be furthered by a grant of this Section 214 application.

Dated this 29 day of December 1999.
