Section 5301 of the Anti-Drug Abuse Act of 1988, Applicant hereby certifies that neither

and/or state courts under authority granted in 21 U.S.C. 853a.

p. This Application qualifies for streamlined processing pursuant to § 63.12 of the Commission's Rules as Applicant is not affiliated with a foreign carrier in any destination market.

CONCLUSION

Applicant believes that there is significant potential for continued growth in the international voice market and that this market expansion will be accelerated by additional competition by new entrants. This position is consistent with the Commission's findings that increased competition in international markets benefits the public interest. Applicant is legally, financially and technically qualified to provide the service for which it requests global resale authority. For the reasons stated above, Applicant submits that the public interest, convenience and necessity would be furthered by granting Applicant's § 214 Application. The request for global resale and facilities-based authorization should, therefore, be issued to Applicant for the purpose of providing resold switched voice communications from the United States to international points.
