APPLICATION FOR AUTHORITY

USA Digital, Inc., hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214, and Section 63.18 of the Commission's Rules, 47 C.F.R. Section 63.18, to resell the international telecommunications services of other common carriers between the United States and various international points.

USA Digital, Inc. is a corporation organized under the laws of the state of Nevada. The company intends to resell the telecommunications services of other common carriers and is not a facilities-based carrier. USA Digital's service will be offered for use by end user customers. Through USA Digital's service, customers may originate calls from locations within the United States to other countries, and from foreign locations to terminate in the United States. The company seeks authority to resell international telecommunications services to better serve its customers by offering various call termination options. By providing international calling services, USA Digital will be able to offer its customers valuable service at competitive rates.

International telecommunications services will be obtained by USA Digital from other common carriers who are currently authorized by the Commission to provide international service. Initially, USA Digital will only resell international switched services. However, USA Digital requests authority to resell private line service in the future as contemplated under Section 63.18 (e) (2) and subject to the restrictions imposed therein.

The provision of international service by USA Digital will not have any significant impact on the general provision of such service to the public. However, additional competition in the market - including the competition of USA Digital - benefits consumers of international telecommunications services. The benefits of competition include lower prices and increased availability of a variety of service options. Thus, the grant of this authorization is consistent with the public interest.

In support of USA Digital's request for authorization, the following information is submitted pursuant to Section 63.18 of the Commission Rules, 47 C.F.R. Section 63.18.

(a) The name, address and telephone number of each applicant:

(d) USA Digital, Inc. has not received previous authority under Section 214.

(e) USA Digital, Inc. requests Section 214 Authority to operate as a resale carrier pursuant to the terms and conditions of Section 63.18(e)(2).
