STREAMLINED SECTION 214 APPLICATION

I. INTRODUCTION

Global One Communications L.L.C. (“Global One”) hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and Section 63.18(e)(4) of the Rules of the Federal Communications Commission (“FCC” or “Commission”), 47 C.F.R. § 63.18, to acquire facilities and to operate as an international facilities-based and resale carrier and to provide switched services over private lines between the U.S. and France.

Global One is a wholly-owned indirect subsidiary of France Telecom S.A. (“FT”). Global One, a Delaware corporation, is 50% owned by ROW Interim Holdco, a Delaware corporation and 50% owned by Atlas Telecommunications S.A., a Belgian company. Atlas is wholly-owned by a French company, Compagnie Generale des Communication S.A., which is itself wholly-owned by FT. ROW Interim Holdco is wholly-owned by Atlas. (See Exhibit A.)

Global One intends to provide telecommunications services to corporate and consumer users as well as to other carriers. Global One currently holds no FCC authorizations to provide international services.

Grant of this Application will serve the public interest, convenience and necessity by promoting competition in the international services market, which will increase service options and foster downward pressure on rates.

This Application qualifies for the Commission's streamlined processing procedures pursuant to Section 63.12(c)(1)(v). In the case of France, Global One is affiliated with a foreign carrier, but France is a WTO member and Global One agrees to be classified as a dominant carrier to France, without prejudice to its right to petition for reclassification at a later time.

II. SECTION 63.18 INFORMATION

In accordance with Section 63.18 of the Commission's Rules, Global One submits the following information:

- a. Global One Communications L.L.C.
12490 Sunrise Valley Drive
Reston, VA 22096
(703) 689-6000
- b. Global One is a Delaware Corporation.

- d. Global One has not previously received authorization under Section 214 of the Communications Act.
- e. Global One requests authorization pursuant to Section 63.18(e)(4) of the Commission's Rules, to acquire and operate facilities and to operate as an international facilities-based and resale carrier and to provide switched services over private lines between the United States and France. Global One will provide these services using authorized cable and satellite facilities. Global One certifies that it will comply with the terms and conditions contained in Section 63.21, 63.22 and 63.23, as appropriate.
- f. Global One will file a separate application for services not subject to streamlined processing, if appropriate.

- g. Authorization of the requested facilities is categorically excluded under Section 1.1306 of the Rules. Therefore, no environmental assessment is required in connection with this application.
- h. *See Exhibit A, "Global One Equity Ownership".*
- i. Global One certifies that it is affiliated with entities that may be considered foreign carriers as described in Exhibit B.
- j. Global One certifies, pursuant to 63.18(j)(3), that it seeks to provide service to France where France Telecom, ultimate parent of Global One, is a foreign carrier.
- k. France is a member of the World Trade Organization.
- l. Global One will file quarterly traffic reports under Section 43.61(c) of the Commission's Rules.
- m. Not applicable. Global One agrees to be classified as dominant between the U.S. and France, without prejudice to a petition for reclassification at a later date.
- n. Global One certifies that it has not agreed to accept special concessions directly or indirectly from any foreign carrier possessing market power with respect to any U.S. route and will not enter into such agreements in the future.
- o. Global One certifies pursuant to 47 C.F.R. § 1.2001 through § 1.2003, that no party to this Application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988. *See* 21 U.S.C. § 853(a).
- p. Global One qualifies for streamlined processing because France is a WTO member and Global One agrees to be classified as a dominant carrier on the U.S.-France route, without prejudice to a petition for reclassification at a later date. *See* Section 63.12(c)(v).

III. CONCLUSION

Grant of this application will introduce a new, competitive international telecommunications carrier in the U.S., providing opportunity for additional consumer choice. Global One meets the Commission's eligibility requirements for streamlined processing and requests expeditious grant.

Respectfully submitted,

**GLOBAL ONE COMMUNICATIONS
