Subject: Your Section 214 Application

\*\* High Priority \*\*

Dear Mr. Coulter,

We received your application for IP Global Network Inc. in early July. After initial review, your application was found to be incomplete. We have contacted you regarding this deficiency a number of times in the last several weeks, leaving messages on your voicemail and with your assistant on at least 5 separate occasions. We have received no response of any kind from you or your representative.

Without your input, we are unable to process your application. If you do not respond this week, we will have no alternative but to dismiss your application. Please be advised that, as a result, you will not be entitled to a fee refund.

Please contact me or any of the FCC addressees listed in this email as soon as possible so that we might resolve this problem prior to dismissal.

I can also be reached by phone at 202-418-0436.

Thank you.
