**APPLICATION FOR AUTHORITY**  
Telecom Division  
International Bureau

VALOR Telecommunications LD, LLC ("VALOR") hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214, and Section 63.18 of the Commission's Rules, 47 C.F.R. Section 63.18, to resell the international telecommunications services of other common carriers between the United States and various international points.

VALOR is a private corporation organized under the laws of the state of Delaware. The company intends to resell the telecommunications facilities of other common carriers and is not a facilities-based carrier. VALOR's service will be offered for use by residential and business customers who subscribe to the company's interstate and/or intrastate services. Through its service, customers may originate calls from locations within the United States to other countries, and from foreign locations to terminate in the United States. The company seeks authority to resell international telecommunications services to better serve its customers by offering a full range of call termination options. By providing international calling services VALOR will be able to offer its customers valuable service at competitive rates.

International telecommunications services will be obtained by VALOR from other common carriers who are currently authorized by the Commission to provide international service. Initially, VALOR will only resell international switched services. However, VALOR requests authority to resell private line service in the future as contemplated under Section 63.18 (e) (2) and subject to the restrictions imposed therein.

The provision of international service by VALOR will not have any significant impact on the general provision of such service to the public. However, additional competition in the market, including the competition of VALOR, benefits consumers of international telecommunications services. The benefits of competition include lower prices and increased availability of a variety of service options. Thus, the grant of this authorization is consistent with the public interest.

In support of VALOR Telecommunications LD, LLC's request for authorization, the following information is submitted pursuant to Section 63.18 of the Commission Rules, 47 C.F.R. Section 63.18.

**(A) The name, address and telephone number of the applicant:**

(F) See (E) above.

(G) VALOR Telecommunications LD, LLC does not seek facilities-based authority under Section 63.18(e)(6).

- (H) Applicant certifies that there exist no interlocking directorates with any foreign carrier. In support of its request, VALOR submits the following information on its ten percent or greater direct and indirect shareholders or other equity holders.

<u>Name/Address</u>	<u>Stock ownership %</u>	<u>Citizenship</u>	<u>Principal Business</u>
Welsh, Carson, Anderson & Stowe	60%	US	Venture Capital
Vestor Capital Partners	25%	US	Venture Capital
Citicorp Venture Capital	15%	US	Venture Capital

- (I) VALOR Telecommunications LD, LLC certifies that it is not a foreign carrier nor is it affiliated with any foreign carrier.
- (J) VALOR Telecommunications LD, LLC certifies that it is not a foreign carrier, nor does it control a foreign carrier as defined in Section 63.09(d), in any country. VALOR further certifies that no owner controls a foreign carrier in any country. Finally, VALOR certifies that no two or more foreign carriers, or parties that control foreign carriers, own more than 25% of the applicant, or are parties to or beneficiaries of a contractual relation affecting the provision or marketing of international basic telecommunications services in the United States.
- (K) See (J) above.
- (L) See (J) above.
- (M) See (I) above.

(N) VALOR Telecommunications LD, LLC certifies that it has not agreed to accept special concessions directly or indirectly from any foreign carrier with respect to any U.S. international route, where the foreign carrier possesses sufficient market power on the foreign end of the route to affect competition adversely in the U.S. market, and will not enter into such agreements in the future.

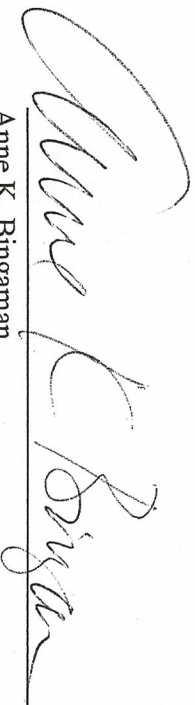

(O) VALOR Telecommunications LD, LLC certifies that neither VALOR nor any party to this application is subject to a denial of Federal benefits, as provided in the Anti-Drug Abuse Act of 1988, 21 U.S.C. 853a.

(P) VALOR Telecommunications LD, LLC requests streamlined processing of this application pursuant to Section 63.12. In support of this request, VALOR states that it is not affiliated with a foreign carrier in a destination market, is not affiliated with a dominant U.S. carrier whose international switched or private line services it plans to resell, nor does it seek authority to provide switched basic services over private lines to a country for which the Commission has not previously authorized the provision of switched services over private lines.

CONCLUSION

As demonstrated in this application, VALOR Telecommunications LD, LLC is legally, financially and technically qualified to provide the services for which it requests authority. For the reasons stated above, applicant submits that the public interest, convenience and necessity would be furthered by a grant of this Section 214 application.
