Application

enRoute Telecom, L.L.C. ("enRoute"), hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214 (1982), and Section 63.18 of the Commission's Rules, 47 C.F.R. Section 63.18, to provide global international facilities-based and resale services between the United States and international points.

enRoute is a U.S. (Arizona) limited liability company organized to provide international telecommunications services. EnRoute has no foreign affiliations. enRoute initially will have termination agreements with carriers in Mexico and possibly other locations at a later time. enRoute will to make these circuits available to 214 carriers to run their customers' traffic on a price per minute charge.

By granting this application, the Commission will serve the public interest, convenience and necessity by promoting competition in the international services market. Competition will benefit U.S. consumers by increasing service options and lowering prices. Thus, the public interest will be served by the grant of Section 214 authority to enRoute.
