International telecommunications services will be obtained by BuzNet Communications from other common carriers who are currently authorized by the Commission to provide international service. Initially, BuzNet Communications will only resell international switched services. However, BuzNet Communications requests authority to resell private line service in the future as contemplated under Section 63.18 (e) (2) and subject to the restrictions imposed therein.

The provision of international service by BuzNet Communications will not have any significant impact on the general provision of such service to the public. However, additional competition in the market - including the competition of BuzNet Communications - benefits consumers of international telecommunications services. The benefits of competition include lower prices and increased availability of a variety of service options. Thus, the grant of this authorization is consistent with the public interest.

In support of BuzNet Communication's request for authorization, the following information is submitted pursuant to Section 63.18 of the Commission Rules, 47 C.F.R. Section 63.18.

(a) The name, address and telephone number of the applicant:

- (d) BuzNet Communications Inc. has not received previous authority under Section 214.
- (e) BuzNet Communications requests Section 214 Authority to operate as a resale carrier pursuant to the terms and conditions of Section 63.18(e)(2). Specifically, BuzNet Communications proposes to resell the international services of any authorized common carrier pursuant to tariff or contract duly filed with the Commission, for the provision of international basic switched, private line, data, television and business service to all international points, as authorized by the Commission.
- (f) See (e) above.
- (g) BuzNet Communications does not seek facilities-based authority under Section 63.18(e)(4).

- (h) BuzNet Communications certifies that it is not a foreign carrier. Applicant further certifies that it has no affiliation with any U.S. Carriers whose facilities-based services BuzNet Communications proposes to resell. In support of this certification, BuzNet Communications submits the following information of its ten percent or greater direct and indirect shareholders or other equity holders:
- BuzNet Communications, Inc. is 100% owned by BuzNet Technologies, Inc., a holding company. The shareholders owning ten percent or more of BuzNet Technologies, Inc. are:

<u>Name</u>	<u>Percent Ownership</u>	<u>Citizenship</u>	<u>Principal Business</u>
Kelly Wright	70%	U.S.	telecommunications

- (i) BuzNet Communications, Inc. certifies that it is not a foreign carrier nor is it affiliated with any foreign carrier.
- (j) BuzNet Communications, Inc. certifies that it is not a foreign carrier, nor does it control a foreign carrier as defined in Section 63.09(d), in any country. BuzNet Communications, Inc. further certifies that no owner controls a foreign carrier in any country. Finally, BuzNet Communications, Inc. certifies that no two or more foreign carriers, or parties that control foreign carriers, own more than 25% of the applicant, or are parties to or beneficiaries of a contractual relation affecting the provision or marketing of international basic telecommunications services in the United States.
- (k) See (j) above.
- (l) See (j) above.

- (m) See (i) above.
- (n) BuzNet Communications, Inc. certifies that it has not agreed to accept special concessions directly or indirectly from any foreign carrier with respect to any U.S. international route, where the foreign carrier possesses sufficient market power on the foreign end of the route to affect competition adversely in the U.S. market, and will not enter into such agreements in the future.
- (o) BuzNet Communications, Inc. certifies that neither BuzNet Communications, Inc. nor any party to this application is subject to a denial of Federal benefits, as provided in the Anti-Drug Abuse Act of 1988, 21 U.S.C. 853a.
- (p) BuzNet Communications, Inc. requests streamlined processing of this application pursuant to Section 63.12. In support of this request, BuzNet Communications, Inc. states that it is not affiliated with a foreign carrier in a destination market, is not affiliated with a dominant U.S. carrier whose international switched or private line services it plans to resell, nor does it seek authority to provide switched basic services over private lines to a country for which the Commission has not previously authorized the provision of switched services over private lines.

Conclusion

As demonstrated in this application, BuzNet Communications, Inc. is legally, financially and technically qualified to provide the services for which it requests authority. For the reasons stated above, applicant submits that the public interest, convenience and necessity would be furthered by a grant of this Section 214 application.
