one or both ends to provide international switched services between the United States and all countries found to offer equivalent resale opportunities.

3C is hereby requesting: (a) facilities-based authority to obtain interest in U.S. authorized facilities, and connecting facilities not appearing on the Exclusion List; (b) authority to resell international private lines to provide international switched services between the United States and countries designated by the Commission as offering equivalent resale opportunities; and (c) authority to resell international private lines to countries not appearing on the Exclusion List.

3C will report its acquisition of interest(s) in facilities, including earth stations, channels of communication to satellites, and submarine cables in its circuit addition/circuit status report files under Section 43.82 of the Commission Rules, 47 C.F.R. Section 43.82. 3C will also report its resale of international private lines in its traffic reports filed pursuant to Section 43.61 of the Commission Rules.

By granting this application, the Commission will serve the public interest, convenience and necessity by promoting competition in the international services market. Competition will benefit U.S. consumers by increasing service options and lowering prices. Thus, the public interest will be served by the grant of Section 214 authority to 3C.

II. The Applicant:

3C is a privately owned Canadian company located in Toronto, Canada. 3C has not previously received authority under Section 214 to provide any telecommunications services or operate any facilities which provide such services. Upon the grant of this Application, 3C will become an authorized non-dominant facilities-based carrier and international reseller subject to Section 214 of the Communications Act, as amended, and the Commission's Rules.

III. Public Interest Considerations:

The Commission's publicly stated policy goals for regulation of the United States international telecommunications market is to promote effective competition in the United States telecommunications market, including the market for international services, to prevent anti-competitive conduct in the provision of international services or facilities and to encourage foreign governments to open their communications markets.

The Commission has also moved to establish an effective global communications market that could result in reduced rates, increased quality and new services. The Commission has found that effective competition directly advances the public interests and the Commission's paramount goal of making available a rapid, efficient worldwide wire and radio communications service with adequate facilities at reasonable charges.

The granting of 3C's request for resale and facilities-based authority as described herein will further the Commission's policies of facilitating increased competition within the United States international telecommunications services market, and is therefore in the public interest.

IV. Information required Under Section 63.18:

The following information is submitted, as required by Section 63.18 of the Commission's Rules, in support of 3C's request for authorization:

(a) Name and address of Applicant:

3C Communications, Inc.
716 The West Mall, Suite 182
Toronto, Canada M9C4X6
Ph. (561) 866-8879

(b) Applicant is a Toronto based business corporation which was organized under the laws of Canada on December 13, 2000.

- (c) Correspondence concerning this application should be sent to:

E-Mail: mborne@nbglaw.com

- (d) 3C has not received authority previously under Section 214 of the Communications Act.

(e) 3C requests (1) global facilities-based authority pursuant to Section 63.18(e)(1) to acquire ownership interests in unaffiliated, U.S. licensed facilities, including, but not limited to, full and partial circuits in submarine transmission cables and channels of communication with U.S. owned satellite systems, to provide international telecommunications services between the United States and all international points; (2) global authority pursuant to Section 63.18(e)(2) to resell international switched services of all authorized common carriers, except carriers regulated as dominant on the route to be served, to provide international switched services between the United States and all international points; (3) global authority pursuant to Section 63.18(e)(2)(A) to resell international private line services between the United States and all international points; and (4) global authority pursuant to Section 63.18(e)(2)(B) to resell international private lines for the provision of international switched services between the United States and all countries that the Commission finds offer equivalent competitive opportunities to U.S. carriers.

- (f) At this time, 3C seeks no other authorization available under Section 63.18(e).

- (g) Not applicable.

- (h) 3C certifies that it is not affiliated with any foreign or U.S. facilities-based carrier whose services it proposes to resell. Should the substance of this certification cease to be accurate, 3C will notify the Commission immediately of any such affiliation.
- (i) In support of this certification, the name, address, citizenship and principal business of the ten percent or greater shareholders of 3C are as follows:

Curt Frank Rosshand (100% shareholder)
716 The West Mall
Suite 182
Toronto, Canada M9C4X6
Principal Business: President of 3C Communications, Inc.
Citizenship: Canada
- (j) 3C certifies that it has not agreed and will not agree in the future to accept any direct or indirect special concessions from a foreign carrier or administration with regards to traffic or revenue flows between the United States and any foreign countries the Company is authorized to serve.
- (k) 3C certifies that no party to this application has been denied Federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988.

Conclusion:

In conclusion, 3C certifies that all of the information in this application is accurate and correct.

WHEREFORE, for these reasons stated herein, 3C respectfully request that the Commission grant this application.

Respectfully Submitted,
3C Communications, Inc.
