Re: Demon Incorporated
Voluntary Surrender of International Carrier Authorization

Dear Sir / Madam,

I wrote to you on 25th March 2009 on behalf of Demon Incorporated which has recently been purchased by Cable&Wireless. The correspondence was hand delivered to your company secretary as advised on the FCC website. We have since had the letter returned as being sent to the wrong address, hence I have readdressed as above.

Following Cable&Wireless' purchase of Demon Incorporated we hereby request that the Commission cancel the following international carrier authorization: FCC File No. ITC-214-20010215-00079.

A review of the company's files has revealed that no service has been rendered to any customer under the terms of the subject authorization during the past year.

No person would be adversely affected by the voluntary surrender of this authorization, as the market for services between the United States and international points is highly competitive.

If you require any further information in respect of this matter please do not hesitate to contact me at the address above.

Yours sincerely

Justin Hornby
Regulatory Manager
