In the Matter of  
 Discovery Telecommunications, LLC  
 Application for authority pursuant to File No. I.T.C.-214-20010628-00358  
 To Section 214 of the Communications Act of 1934, as amended,  
 for global authority to operate as an international facilities-based and resale carrier

**Application**

Discovery Telecommunication, LLC ("Discovery") hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214 (1982), and Section 63.18 of the Commission's Rules, 47 C.F.R. Section 63.18 to provide global international facilities-based and resale services between the United States and international points. Discovery is a new U.S. company organized to provide international switched service between the United States and various international locations. By granting this application, the Commission will serve the public interest, convenience and necessity by promoting competition in the international services market. Competition will benefit U.S. customers by increasing service options and lowering prices. Thus, the public interest will be served by granting Section 214 authority to Discovery.

**Section 63.18 Information**

As requested, the following supplemental information is submitted, as required by Section 63.18 of the Commission's Rules, in support of Discovery's request for authorization.

- (n) Discovery has not agreed to accept special concessions directly or indirectly from any foreign carrier with respect to any U.S. international route where the foreign carrier possesses market power on the foreign end of the route and will not enter into such agreements in the future.

**Conclusion**

In conclusion, Discovery certifies that all of the information in this application is accurate and correct. For these reasons, Discovery respectfully requests that the Commission grant this application.

Respectfully submitted,
