

Ms. Marlene H. Dortch
Secretary
Federal Communications Commission
445 Twelfth Street, NW
Washington, DC 20554

21st March 2018

RE: ITC-214-20020828-00415

Dear Ms. Dortch:

The above-referenced certificate is held by Interoute Communications Limited (“Interoute”) and authorizes provision of international telecommunications services pursuant to Section 214 of the Communications Act of 1934, as amended. By this letter, Interoute surrenders this certificate because Interoute and its subsidiaries offer only private carriage services. Further, given that the entities provide only private carrier services, neither Interoute nor its subsidiaries have customers to notify.

Sincerely,

Maurice Woolf
General Counsel & EVP, Corporate Support
