Re: Re-Association of FRN's to Existing International 214 Filings

During a recent review of CenturyLink's International filings (Section 214's and various other filings) it became apparent that some of the Federal Registration Numbers (FRN's) associated with these filings were not current. Also, due to several recent internal reorganizations of entities, some of the entity names were in error. In order to correct this information, we are submitting the table below:
