ITC-214-20031222-00558
NOTICE OF SERVICE BEING PROVIDED THROUGH SUBSIDIARY PURSUANT TO
SECTION 63.21(h) OF THE COMMISSION'S RULES AND REGULATIONS

Dear Ms. Dortch:

Bharti Airtel Limited, by its counsel and pursuant to Section 63.21(h) of the Commission's rules, 47 C.F.R. §63.21(h), hereby respectfully notifies the Commission that subsequent to the Commission's grant of facilities-based and resale authority to Bharti Airtel Limited as a dominant carrier on the U.S. - Singapore route, its wholly-owned subsidiary, Bharti Airtel (USA) Limited ("Bharti USA"), is to operate as the structurally-separate affiliate for this route, pursuant to such authority granted.

Bharti USA is a New York domestic business corporation and wholly-owned direct separate subsidiary of Bharti Airtel Limited. On May 19, 2009, this law firm notified the Commission, pursuant to Section 63.21(h) of the Commission's rules, that Bharti USA was operating pursuant to the Section 214 authorization that had been issued to, and was presently held by its parent, Bharti Airtel Limited.¹ The May 19, 2009 notice further referenced Bharti Airtel Limited's then pending application for facilities-based and resale service authority between the United States and Singapore, filed pursuant to Section 63.18(e)(3), of the Commission's rules, 47 C.F.R. §63.18(e)(3). On September 14, 2010, Bharti Airtel Limited's application for facilities-based and resale service authority between the United States and Singapore was granted.² In its application for such authority, Bharti Airtel Limited agreed to be classified as a dominant carrier on the U.S.-Singapore route pursuant to 47 C.F.R. § 63.10 of the Commission's rules.

This correspondence is submitted to inform the Commission and update the record that Bharti USA will now serve as the wholly owned separate subsidiary of Bharti Airtel Limited for the U.S. - Singapore route, pursuant to Section 63.21(h) and other applicable provisions. Questions may be directed to the undersigned.

Respectfully Submitted,

Michelle W. Cohen
