**Re: Optivon Telecommunications Services, Inc.  
Amendment of International 214 Application No. IB2004003234**

Dear Ms. Halstead:

Optivon Telecommunications Services, Inc. ("OTSI"), pursuant to Section 63.50 of the FCC's Rules, 47 C.F.R. § 63.50, hereby submits an amendment to the above-referenced International 214 Application for authority to provide resold long distance service between the U.S. Mainland and the Commonwealth of Puerto Rico ("Application") that Optivon filed with the International Bureau on November 30, 2004.<sup>1</sup> Specifically, OTSI amends the Application to request authority to provide resold long distance service between the U.S. and all international points authorized by the FCC. Please associate this amendment with the Application for processing.

OTSI makes no further amendments to its Application. As stated therein, OTSI is a non-dominant carrier, and it requests streamlined processing.

Thank you for your attention to and assistance in resolving this matter. If you require any further information, please contact OTSI's counsel, listed on page 2 of the Application.

Sincerely,

Luis G. Romero Font, President & CEO  
Optivon Telecommunications Services, Inc.
