Re: Section 214 and 310 b(4) Applications

Dear Sir or Madam:

Please review the following applications and advise us whether you have any national security, law enforcement, foreign policy or trade concerns by C.O.B. May 14, 2008, because we are prepared to take action on these applications. **Electronic filed (e-file) applications are able to be viewed by accessing www.fcc.gov/ibfs and searching by the file number.**

ITC-214-20080418-00194 (e-file)

Openpop.com, Inc.'s application for authority to provide facilities-based and resale services between the United States and permissible international points. Applicant is 8% owned by STIC Investment, a **South Korean** company, and 8% owned by Mirrae Asset, a **South Korean** company. The rest of 84% is owned by 50 individuals.

ITC-STA-20080401-00197 (e-file)

On April 1, 2008, Phonetime, Inc. (Phonetime), Symphony Holdings, Inc. (SHI) and Symphony Telecommunications, LLC (Telecom) requested an Special Temporary Authority (STA) to continue operating under section 214 authorization, ITC-214-20041201-00472, held by Telecom.

Applicants filed an application on February 6, 2008, for consent to transfer control of the ITC-214-20041201-00472 held by Telecom from SHI to Phonetime, **ITC-TC-20080206-00088** (underlying application). However, the proposed transaction was consummated without prior Commission's authorization. Therefore, the applicants requested an STA to continue providing services. Per Joanne Ongman's e-mail of March 26, 2008, 11:47 a.m., the underlying application has been removed from streamlined processing and still pending under your review. Phonetime is 10% owned by Creslin, Ltd., a **Gibraltar** corporation.

ISP-PDR-20080404-00010

United Wireless Holdings Inc. (Holdings), a Delaware corporation, requests a declaratory ruling pursuant to section 310(b)(4) of the Communications Act of 1934, as amended, permitting Holdings to acquire 100 percent ownership of United Spectrum Management Services LLC (United Spectrum). Holdings, which currently owns 20 percent ownership interest in United Spectrum, is wholly-owned by Mr. Andrew Fitton, a citizen of the **United Kingdom**. United Spectrum provides wholesale data services to customers through a stand-alone, national network operating in the 900 MHz band using leased spectrum. In addition, its newly formed subsidiary, SkyTel Spectrum LLC (United Sub), has filed an application for assignment to United Sub of wireless licenses that it will use for the provision of paging and narrowband personal communications services to the public. Holdings seeks the declaratory ruling in connection with the proposed transfer of control of United Spectrum to Holdings and the acquisition of licenses by United Sub. See ULS **0003385370**.

Holdings requests that the Commission commence its review and processing of the Petition and the associated transfer of control and assignment application, but that dispositive action be deferred pending notification to the Commission that any issues identified by the Executive Branch Agencies have or have not been resolved and requesting appropriate action by the Commission. Holdings states that it has provided a copy of the Petition to the **DHS** simultaneous with its submission to the Commission.

If we do not hear from you by **C.O.B. May 14, 2008**, we will assume that you do not have any concerns with the above listed applications.
