Subject: RE: [ITT] FW: Pending Section 214 Applications

Mikelle:

Per your e-mail below, FCC sent letters to ten applicants notifying them that they must advise FCC on the status of their applications with the Executive Branch agencies. I believe the deadline expired on March 18 – can we expect some (if not all) of these applications to be dismissed via public notice in the near future?

Also, according to our records, the Executive Branch agencies have not received responses from several other applicants – would FCC be willing to send similar letters to the below listed applicants? It would be helpful for us to be able to clear our docket of these relatively older, non-responsive applications:
