Ms. Morra and Members of Team Telecom,

Please note that the Team Telecom requested answers for Broadband System Group, Inc. were emailed to Mr. Greg Pinto of Team Telecom. Those emails were provided via email on April 15, 2008 (see attachment# 1 for email response to Team Telecom) in response to a request by Team Telecom for certain required answers or have the company's FCC 214 petition be dismissed without prejudice (see attachment# 3 for April 2008 request from FCC & Team Telecom).

See attached email and document for prior submitted items as part of the company's effort to comply with the requested information. Please note that those items were emailed to Mr. Pinto of Team Telecom. We realize that there was recently a transfer of many of the team telecom duties / items from Mr. Greg Pinto to other members of team telecom and have been forwarding prior items sent to Mr. Pinto, over to the other members of team telecom upon receiving any such requests from those other team telecom members.

We would appreciate any consideration that could be given to this dismissed item since we had submitted the requested items to Team Telecom on April 15, 2008 and were under the impression it was in process.

Best Regards,

Alonzo

Subject: RE: Broadband System Group, Inc. - AB Email to Team Telecom & FCC - RE: Dismissal Notice

Mr. Beyene,

On March 31, 2008, I sent a letter to Mr. Jaime Rey, with a copy to Mathew Schulman, Regnum Group, regarding the pending international section 214 application filed by Broadband System Group, Inc. -- ITC-214-20060815-00390. That letter requested that Mr. Rey inform the FCC no later than April 21, 2008 of the status of the application in the Executive Branch review process and to confirm that Broadband System Group continued to seek Commission action on the application. It specifically advised the applicant that failure to respond would subject the application to dismissal.

The FCC did not receive any correspondence from either Broadband System Group or Regnum Group by April 21, 2008 as requested. While Regnum Group now informs us that Broadband System Group provided information to the Executive Branch, neither Broadband System Group nor Regnum Group copied the FCC on that correspondence or provided any other correspondence to the FCC by the April 21, 2008 date. Based on the failure of either the applicant or Regnum Group on behalf of the applicant to respond to the FCC, on May 14, 2008 we dismissed the application from Broadband System Group without prejudice to re-filing.

If Broadband System Group continues to seek international section 214 authority to provide telecommunication service, it may file a new application pursuant to the Commission's rules.

Per your e-mail below, FCC sent letters to ten applicants notifying them that they must advise FCC on the status of their applications with the Executive Branch agencies. I believe the deadline expired on March 18 – can we expect some (if not all) of these applications to be dismissed via public notice in the near future?

Also, according to our records, the Executive Branch agencies have not received responses from several other applicants – would FCC be willing to send similar letters to the below listed applicants? Application for consent to transfer control of the section 214 authorization, ITC-214-20000803-00478, from World Communication Center, Inc. (WCC) to SatCom Distribution, Inc. (SatCom). SatCom is a wholly owned subsidiary of SatCom Distribution, Ltd., which in turn is a wholly owned subsidiary of SatCom Group Holdings plc, a public company based in the **United Kingdom**. Four citizens of the **United Kingdom**, one of whom owns 31% and the other three owns 21% each of the SatCom Group Holdings.

In the underlying application, the Applicants stated that the transfer of control for which authority was requested had occurred on July 3, 2006 without Commission's prior approval. On August 14, 2006 applicants filed an application for a special temporary authority (STA) to permit SatCom, pending action on the parties' application, to retain control of WCC. Applicants acknowledge that grant of STA will not prejudice action by the Commission on the underlying application and that STA is subject to cancellation or modification upon notice, but without a hearing. Therefore, we granted the STA (ITC-STA-20060814-00393) on August 18, 2006.

ITC-214-20060815-00390 (e-file)

ITC-214-20060816-00394 (e-file)

Miron Enterprises, LLC's application for authority to provide global resale services between the United States and permissible international points. Applicant is fully owned by a citizen of **Romania** with permanent residence in Canada.

ITC-214-20060816-00398 (e-file)

Color Phone, Inc.'s application for authority to provide global facilities-based and resale services between the United States and permissible international points. Applicant is 100% owned by a citizen of the **Dominican Republic**.

ISP-PDR-20060815-00011 (e-file)

RigNet SatCom, Inc. (RigNet) requests a declaratory ruling, pursuant to section 310(b)(4) of the Communications Act of 1934, as amended, that it is in the public interest to permit an indirect foreign ownership interest of approximately 49% in RigNet, all of which comes from **Norwegian** individuals or companies. RigNet also requests advance authority to accept up to and including an additional aggregate 25 percent total indirect equity and voting interest from any of RigNet's current direct and indirect foreign investors, as well as any other foreign investors without seeking prior Commission approval under section 310(b)(4) of the Act, so long as any additional foreign ownership above 49% does not result in a transfer of control or cause the amount attributable to a single entity from a WTO Member country, or cumulatively to entities from non-WTO Member countries, to exceed 25 percent of RigNet's total ownership. Moreover, RigNet seeks authority to accept additional non-controlling investment by EnergiVekst AS up to any amount less than 50%

RigNet is an applicant for a common carrier VSAT license, File No. SES-LIC-20060815-01373. RigNet is 100% owned by RigNet Inc., a privately held corporation organized under the laws of the state of Texas. RigNet Inc. is a U.S. carrier that holds international section 214 authorization to provide global facilities-based and resale services. RigNet Inc. in turn is owned by a number of individuals and investment funds. The total foreign ownership of RigNet Inc. is approximately 49%, all of which comes from **Norwegian** individuals or companies.

EnergiVekest AS is a sector-oriented investment company organized under the laws of Norway as an "aksjeselskap," comparable in the U.S. to a stock corporation with limited liability. The largest investor in EnergiVekest is Argentum Fondsinvesteringer AS ("Argentum") which has a 29.42% direct and indirect interest. Therefore, Argentum would have an indirect interest in RigNet of approximately 10.9%. **Argentum is a Norwegian government-owned investment company.**

If we do not hear from you by **C.O.B. September 6, 2006**, we will assume that you do not have any concerns with these applications.

Sincerely,
