Re: Section 214 applications

Dear Sir or Madam:

Please review the following applications and advise us whether you have any national security, law enforcement, foreign policy or trade concerns by **C.O.B. October 18, 2006**, because we are prepared to take action on these applications. **Electronic filed (e-file) applications are able to be viewed by accessing www.fcc.gov/ibfs and searching by the file number.**

ITC-214-20060925-00442 (e-file)

United Telecom Inc.'s application for authority to provide global resale services between the United States and permissible international points. Applicant is 100% owned by a citizen of **Bangladesh**.

ITC-214-20060927-00444 (e-file)

E-SKY, Inc.'s application for authority to provide global facilities-based and resale services between the United States and permissible international points. Applicant is 92% owned by a citizen of **Malaysia**.

ITC-T/C-20060922-00441 (e-file)

Application for consent to the transfer of control of international Section 214 authorization (ITC-214-20020513-00251) held by Iowa Wireless Services Holding Corporation (Iowa Wireless) from INS Wireless, Inc. (INSW) to VoiceStream PCS I Iowa Corporation (VoiceStream PCS), which is a wholly-owned subsidiary of T-Mobile USA, Inc. (T-Mobile). Deutsche Telekom AG (DT), a corporation organized under the laws of the Federal Republic of **Germany** (FRG), indirectly owns 100% of the ownership interests in T-Mobile and, in turn, VoiceStream PCS. The FRG currently holds a 14.62% direct interest in DT. Kreditanstalt für Wiederaufbau (KfW), a bank controlled by the **German Government**, holds a 16.63% direct interest in DT. FRG holds an 80% interest in KfW.

Applicant agrees to comply with the **dominant** carrier safeguards in Section 63.10 of the rules on routes to Croatia, Germany, Hungary, Macedonia and Slovakia. Iowa Wireless agrees to relinquish its existing authority to provide service between the United States and Montenegro (a non-WTO Member country) upon consummation of the proposed transaction. As part of our review of the transfer of control application, we will examine the section 214 authorization held by Iowa Wireless to ensure that it currently is classified properly as dominant or non-dominant on affiliated routes and, where required under our rules, that its authorization excludes service between the United States and a non-WTO Member country in which DT controls a carrier that has market power.

Please note that Iowa Wireless's Petition for Declaratory Ruling under Section 310(b)(4), **ISP-PDR-20060522-00009**, is pending under your review. In addition, the companion application for consent to transfer control of broadband PCS licenses held by Iowa Wireless (**ULS 0002618243**) is being held pending your review of this transaction.

If we do not hear from you by **C.O.B. October 18, 2006**, we will assume that you do not have any concerns with these applications.

Sincerely,

George Li, Deputy Chief
Policy Division
