Re: Section 214 Applications

Dear Sir or Madam:

Please review the following applications and advise us whether you have any national security, law enforcement, foreign policy or trade concerns by **C.O.B. November 22, 2006**, because we are prepared to take action on these applications. **Electronic filed (e-file) applications are able to be viewed by accessing www.fcc.gov/ibfs and searching by the file number.**

ITC-214-20061027-00492 (e-file)

KDDI Global LLC's application for authority to provide facilities-based and global resale services between the United States and permissible international points. Applicant is 55.7% owned by KDDI America, Inc. which, in turn, is 100% owned by a **Japanese** Corporation. Applicant is also 44.3% owned by Asia Access Telecom, Inc. which, in turn, is 26.3% owned by a **Hong Kong** Entity located in the **United Kingdom**, and 14.7% owned by a **Hong Kong** Corporation located in **Singapore**.

ITC-214-20061027-00493 (e-file)

MetroRED Telecom Services, Inc.'s application for authority to provide facilities-based and global resale services between the United States and permissible international points. Applicant is 100% owned by a **Bermuda** limited company.

ITC-214-20061102-00497 (e-file)

Tuscali Technology Ltd.'s application for authority to provide global facilities-based and resale services between the United States and permissible international points. Applicant is 32.5% owned by a citizen of **Nigeria**, and 25% owned by a **Nigerian** corporation. Two **British** citizens, each of whom owns 32.5% and 10% of the applicant, respectively.

If we do not hear from you by **C.O.B. November 22, 2006**, we will assume that you do not have any concerns with the above applications.

Sincerely,

A handwritten signature in black ink, appearing to read "George Li", with a stylized flourish extending to the right.

George Li, Deputy Chief
Policy Division

Re: MetroRED Telecom Services, Inc.

Dear Sirs:

We are in receipt of your March 23, 2009 letter requesting confirmation that Telecom Services, Inc. ("MetroRED") is not obligated under the April 12, 2007 Letter of Assurance to provide additional information to the USG parties. (Attachment 1).

Please note that, on December 18, 2007, we notified the Department of Homeland Security (DHS) that MetroRED has decided to surrender its international Section 214 authorization to the FCC. (Attachment 2). As noted therein, MetroRED never commenced services requiring an international 214 authorization and decided to sell the business to Grupo Cable TV. On December 19, 2007, MetroRED surrendered its international 214 authorization to the Federal Communications Commission (FCC). (Attachment 3).

Therefore, MetroRED is no longer a U.S. licensee and, as a result, the Letter of Assurance should be extinguished.

Re: Pending Application by MetroRED Telecom Services, Inc. for
international authorization under Section 214 of the Communications Act
of 1934, as amended.

Ladies and Gentlemen:

This letter outlines the commitments made by MetroRED Telecom Services, Inc. ("MetroRED") to the U.S. Department of Justice ("DOJ"), including the Federal Bureau of Investigation ("FBI"), and to the U.S. Department of Homeland Security ("DHS"), in order to address national security, law enforcement, and public safety concerns raised with regard to the MetroRED application to the Federal Communications Commission ("FCC") for an international authorization for authority to provide international facilities-

based and resold services to all international points under Section 214 of the Communications Act of 1934, as amended.

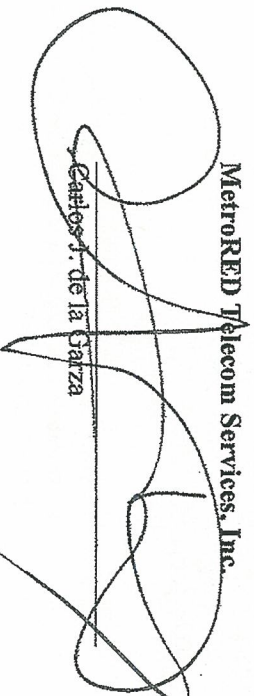

MetroRED is a U.S. corporation seeking an international authorization for authority to provide international facilities-based and resold services to all international points under Section 214 of the Communications Act of 1934, as amended. Its indirect parent company is FMR Corp., a U.S. Corporation. MetroRED intends to provide leased line, telephony, virtual private network ("VPN"), Ethernet, and Internet access services in the United States to enterprise and corporate customers.

MetroRED agrees that, for all MetroRED customer billing records, subscriber information, and any other related information used, processed, or maintained in the ordinary course of business relating to communications services offered in the United States ("U.S. Records"), MetroRED will make such U.S. Records available in the United States in response to lawful U.S. process. For these purposes, U.S. Records shall include information subject to disclosure to a U.S. Federal or state governmental entity under the procedures specified in Sections 2703(c) and (d) and Section 2709 of Title 18 of the United States Code. MetroRED agrees to ensure that U.S. Records are not made subject to mandatory destruction under any foreign laws.

We understand that, upon execution of this letter by an authorized representative or attorney for MetroRED, the DOJ, FBI, and DHS shall notify the FCC that the DOJ, FBI, and DHS have no objection to the FCC's grant of the MetroRED application filed with the FCC.

Sincerely,

MetroRED Telecom Services, Inc.

Subject: Thank you and MetroRED/Grupo Cable TV

Dear Greg:

I hope you are well -- and that you have recovered from the multiple calls from us regarding the prior transaction! We are relieved that that transaction has closed, and very much appreciate your steady support throughout the process.

Further, as a follow-up to the e-mails that Steve Rich and I sent you on November 27 and 26, respectively, we are writing to advise you that MetroRED Telecom Services, Inc. ("MetroRED") has decided to surrender its International Section 214 authorization to the FCC and that FCC approval is no longer required for the sale of MetroRED to Grupo Cable TV. MetroRED had obtained an international Section 214 authorization earlier this year in order to allow the company to expand its service offerings, which currently include only private carrier and Internet access services (neither of which requires a Section 214 authorization). However, the company did not commence the provision of other services as it had hoped to do; rather the owners decided to sell the business to Grupo Cable TV. In the event that Grupo Cable TV decides to expand its service offerings in the future to include international common carrier telecommunications services, we understand that it will seek a new International Section 214 authorization.

In light of the foregoing, no action is needed at this time with respect to the Team Telecom questionnaire and other documents that Steve and I previously sent you. Please do not hesitate to contact me if you need anything further.

I hope you and yours have a very Happy Holiday and wish you all health, happiness and success in 2008.

Best regards,

Tara

Re: MetroRED Telecom Services, Inc.
Surrender of International Section 214 Authorization
(File No. ITC-214-20061027-00493)

Dear Madame Secretary:

We represent MetroRED Telecom Services, Inc. ("MetroRED"), which holds an international Section 214 authorization from the Commission to provide global or limited global facilities-based service and global or limited global resale service.

MetroRED had obtained an international Section 214 authorization earlier this year in order to allow the company to expand its service offerings, which currently include only private carrier and Internet access services (neither of which requires a Section 214 authorization). However, the company did not commence the provision of other services as it had hoped to do, rather the owners decided to sell the business to Grupo Cable TV, S.A. de C.V. ("Grupo Cable TV").

Inasmuch as MetroRED does not currently provide international common carrier telecommunications services and has no immediate plan to provide such services, on behalf of MetroRED we hereby respectfully surrender to the Commission for cancellation a copy of MetroRED's Section 214 certificate in File No. ITC-214-20061027-00493. In the event that Grupo Cable TV decides to expand MetroRED's service offerings in the future to include international common carrier services, we understand that it will seek a new international Section 214 authorization.
