he will amend to specify (e)(1) and (e)(2). He's got a plane to catch so won't get to it for a day or two. If you want to put this on for Monday, we can probably trust that he will send the email next week. He filed for private line resale because that's what predecessor company's did. His company will aggregate U.S. carrier traffic in the U.S at a router and send it to a small carrier in Mexico for termination (with transport possibly over the internet).

Subject: potosi ince 214 application

Susan and Mikelle: Thank you for your help with the application. As you suggested, this email confirms that I would like to amend the application for a 214 license that I submitted on behalf of Potosi Inc. to request authority under section 63.18(e)(1) and (e)(2) for facilities based and resale services (over both private lines and switched lines).

Please let me know if I need to take any additional steps or if you need any further information.
