Final Notice of Intent to Declare the International Section 214 Authorization of Redes Modernas de la Frontera SA de CV Terminated

File No. ITC-214-20070515-00189

By this Public Notice, the International Bureau (Bureau) affords Redes Modernas de la Frontera SA de CV (Redes) final notice and opportunity to respond to the April 13, 2016 letter submitted by the Department of Homeland Security (DHS), with the concurrence of the Department of Justice (DOJ) (collectively “the Agencies”) requesting that the FCC terminate, declare null and void and no longer in effect¹ the international section 214 authorization issued to Redes under file number **ITC-214-20070515-00189**.²

In the *Executive Branch April 13, 2016 Letter*, the Agencies state that Redes is no longer in business.³ The Agencies indicate that they issued their non-objection to the Commission granting the authorization provided that Redes abide by the commitments and undertakings contained in the July 10, 2007 Letter that Redes entered into with the Agencies.⁴ On July 5, 2016, the Bureau’s Telecommunications and Analysis Division sent a letter to Redes at the last known addresses on record via certified, return receipt mail, asking Redes to respond to the Agencies’ allegations by August 3, 2016.⁵ The *Bureau July 2016 Letter* stated that failure to respond would result in the issuance of an order to terminate Redes’ international section 214 authorization.⁶ Redes did not respond to the request.⁷

⁷ The FCC Form 499 Database states that Redes is no longer active as of May 1, 2009, and that the company has gone out of business in its entirety. *FCC Form 499 Filer Database*, (Sept. 6, 2016), <http://apps.fcc.gov/cgb/form499/499detail.cfm?FilerNum=826631>.

In addition, Redes may also be in violation of several other Commission rules and requirements. After having received an international section 214 authorization, pursuant to section 63.21(a), a carrier “is responsible for the continuing accuracy of the certifications made in its application” and must correct information no longer accurate, “and in any event, within thirty (30) days.”⁸ There is no indication that Redes is currently providing service pursuant to its international section 214 authorization. If Redes has discontinued service that affected customers, it may also be in violation of section 63.19(a) of the Commission’s rules requiring prior notification for such a discontinuance.⁹ As part of its authorization, Redes must file annual international telecommunications traffic and revenue as required by section 43.62 of the Commission rules. Section 43.62(b) states that “[n]ot later than July 31 of each year, each person or entity that holds an authorization pursuant to section 214 to provide international telecommunications service shall report *whether* it provided international telecommunications services during the preceding calendar year.”¹⁰ Our records indicate that Redes has not filed an annual international telecommunications traffic and revenue report indicating whether or not Redes provided services in 2014 and 2015 and may be in violation of section 43.62 of the Commission rules.¹¹ Furthermore, Redes has an outstanding debt and consequently its account is red lighted through the Red Light Display System.¹² Redes must visit the Commission’s Red Light Display System’s to pay its outstanding debt.¹³

Redes’ failure to respond to this Public Notice will be deemed as an admission of the facts alleged by the Agencies and of the violations of the statutory and rule provisions set out above. The Bureau hereby provides final notice to Redes that it intends to take action to declare Redes’ international 214 authorization terminated for failure to comply with conditions of its authorization. We further advise Redes that its non-compliance with the applicable regulatory provisions would warrant termination wholly apart from demonstrating Redes’ inability to satisfy the conditions of its authorization. **Redes must respond to this Public Notice and address the issues alleged in the *Executive Branch April 13, 2016 Letter*, no later than 15 days after publication in the Federal Register.**

The Bureau is serving a copy of the Public Notice on Redes by certified mail, return receipt
