**Re: Potential Termination of International Section 214 Application
File No. ITC-214-20070515-00189**

Dear Dr. Contreras:

We forward for your response the attached letter submitted on April 13, 2016 by the Department of Homeland Security (DHS), with the concurrence of the Department of Justice (DOJ) (collectively, "the Agencies") requesting that the Federal Communications Commission (FCC) terminate, declare null and void and no longer in effect the section 214 authorization issued on July 27, 2007 to Redes Modernas de la Frontera SA de CV (Redes) under file number ITC-214-20070515-00189,¹ because Redes is no longer in business.²

After having received an international 214 authorization, as required by section 63.21(a) of the Commission's rules, a carrier "is responsible for the continuing accuracy of the certifications made in its application" and must promptly correct information no longer accurate, "and in any event, within thirty (30) days."³ Redes has failed to inform the Commission of any changes in its business status of providing international telecommunications services, as required by section 63.21(a) of the Commission's rules.⁴ Also, as part of its authorization, Redes "must file annual international telecommunications traffic and revenue report as required by section 43.62 of the Commission's rules."⁵ Section 43.62(b) states that "[n]ot later than July 31 of each year, each person or entity that holds an authorization pursuant to section 214 to provide international telecommunications service shall report *whether* it provided international

¹ *International Authorizations Granted, Section 214 Applications (47 C.F.R. § 63.18); Section 310(b)(4) Requests*, Report No. TEL-01174, Public Notice, 22 FCC Rcd 14026 (IB 2007).

² Attach. at 1. The Agencies issued their non-objection on the condition that Redes abide by the commitments and undertakings contained in its July 10, 2007 LOA. *Id.*

³ 47 C.F.R. § 63.21(a).

⁴ *Id.* In addition, there is no indication that Redes is currently providing service pursuant to its section 214 authorization. If Redes has discontinued service, it may also be in violation of the Commission's rules which require prior notification for such a discontinuance. 47 CFR § 63.19.

⁵ 47 CFR § 43.62.

Federal Communications Commission

telecommunications services during the preceding calendar year.”⁶ Our records indicate that Redes has not file an annual international telecommunications traffic and revenue report indicating whether or not Redes provided services in 2014 and may be in violation of section 43.62 of the Commission rules. Furthermore, Redes owes fees to the Commission and consequently its account is red lighted through the Red Light Display System. Please visit the Red Light Display System’s website at www.fcc.gov/redlight to find more information on how to pay debts.⁷

We request that Redes respond to the Agencies’ allegations and possible violation of the Commission’s rules within 30 days from the date of this letter, by **Wednesday, August 3, 2016**. Please respond to our concerns and describe in your response any steps that you are taking or will take with the Agencies to resolve their concerns. A failure to respond to this letter will be deemed as an admission of the facts alleged by the Agencies and the Commission, and could result in the issuance of an order to terminate Redes’ section 214 authorization. We are addressing this letter to the most recent addresses of record and service of process agent designated by Redes through the FCC’s Form 499.

Sincerely,

Denise Coca
