Mikelle-

It appears that there is not an electronic docket number for the Columbus cable license review, SCL-LIC-20070516-00008. We recently concluded our agreement with the petitioner. Would you please file the attached Petition to Adopt and agreement? Once we receive a copy of the date-stamped cover page, we will advise the applicants.

Feel free to contact me if you have any questions, and thank you very much for your help.

DOJ also has no objection to the Commission granting its consent in the above-referenced proceeding, provided that the Commission conditions the grant of the referenced application on Columbus Networks U.S.A., Inc. abiding by the commitments and undertakings contained in its Agreement with DHS.

Please contact me if you have any questions.

Thank you, Alex.

We would like to act on this application very quickly, preferably today. As we understand it the Applicant needs this license immediately due to issues with timing of the Tyco ships to lay the cable.

There is a problem, however, that we need clarified right away. Back on June 26, 2007, DHS, DOJ and FBI requested that we remove this application from streamlining (see attached e-mail from Lonnie Kishiyama). This Agreement, however, is only between DHS and the Applicant, and does not appear to include DOJ or FBI (which is very unusual).

We need to know ASAP if DOJ and FBI have cleared on this application so that we can grant it. I will call early this afternoon if we have not heard from you by then.

Thank you.
