Is the information I submitted sufficient to pull the other off the web?

Amy,

The replacement submission can be in the form of an email -- the original submission which you want replaced was an email.

The replacement submission must include the same information contained in the original submission -- the citizenship of Mr. Miller and a contact address.

In what format can I supply that information to you. I have it listed below if it's fine to give via email.

His address should be listed:
424 Madison Avenue, Suite 800
New York, NY 10017

Well is there any way we can change the information in that letter or post a new letter?

The rule requires an address for all owners. If the applicant chooses to use his/her home address, that is their decision.

The letter includes our President, Courtlandt Miller's, home address--this information is supposed to be publically available?

Good Morning Amy,
I am no longer in the position working with the International Bureau. I am copying others that will be able to take care of this for you.

Thank you,
