Ms. Ongman,

The following is to confirm our telephone conversation. Please note that the company is still interested in the FCC 214 Authority. We were hoping to have the answers to the triage questions today instead of just an indication of interest as the actual requirement of your October 7, 2008 email. Additional time up until next Friday is requested per the client to provide additional data on equipment and other items they wish to include.

Please accept this as an indication of applicant's interest in continuing with application process as required by your October 6, 2008 email.

If you have any questions, please feel free to contact me either by telephone or email.

Best Regards

Jorge,

To follow-up on our conversation earlier this AM, we have not received answers to the questions sent regarding the above captioned matter - the entry on your list below that its been approved by the FCC appears to be an error.

As you know, the Departments of Justice and Homeland Security routinely conduct reviews of certain applications submitted to the Federal Communications Commission (FCC). We are currently reviewing the application - Kmedia itc-t/c-20071217-00506. To assist us in this review, we have previously provided questions to the

11/6/2008

Applicant. Our records show that we have not received any response. We request that you provide responses to the questions or advise whether the applicant is no longer interested in pursuing its application before the FCC. It would be most helpful to return the questions to us by e-mail to the following address: FIRS-TT@usdoj.gov.

Your responses will be shared with representatives of the Departments of Homeland Security and Defense. If we do not receive a response within 30 days indicating a continued interest in this matter, we will assume the applicant is no longer interested in pursuing its application and advise the FCC that we are recommending the application be dismissed without prejudice. Should you have any questions, please do not hesitate to contact me (at Joanne.Ongman@usdoj.gov or 202-514-0661).

Sincerely,

Joanne
