Re: Section 214 and 310 applications

Dear Sir or Madam:

Please review the following applications and advise us whether you have any national security, law enforcement, foreign policy or trade concerns by **Noon Dec. 31, 2008**, because we are prepared to take action on these applications. **Electronic filed (e-file) applications are able to be viewed by accessing [www.fcc.gov/ibis](http://www.fcc.gov/ibis) and searching by the file number.**

**ITC-AMMD-20081111-00489 (e-file)**  
Color Valley, Inc. amends its resale application (ITC-214-20081101-00484) to request an additional authority to provide facilities-based services between the United States and permissible international points. Two citizens of **Korea**, each of whom owns 80% and 20% of the applicant, respectively. The resale application has been removed from streamlined processing per Richard Sofield's email on December 3, 2008 at 11:11 am.

**ITC-214-20081211-00529 (e-file)**  
New Era Telecom, LLC's application for authority to provide facilities-based and resale services between the United States and permissible international points. Applicant is 100% owned by a citizen of **Colombia**.

**ISP-PDR-20081010-00020 (e-file)**  
T-Mobile USA, Inc. ("T-Mobile") requests that the Commission issue a declaratory ruling under Section 310(b)(4) of the Communications Act<sup>1</sup> allowing up to 100 percent indirect foreign ownership in Cook Inlet GSM IV PCS Holdings, LLC, an indirect wholly-owned subsidiary of T-Mobile ("Cook IV"). T-Mobile is the U.S. operations of T-Mobile International AG, the mobile communications subsidiary of Deutsche Telekom AG ("DT"). DT acquired VoiceStream Wireless Corporation ("VoiceStream") in May of 2001. VoiceStream subsequently changed its corporate name to "T-Mobile USA, Inc." DT is a publicly traded German corporation in which the **Federal Republic of Germany** holds an approximate 31.70 percent attributable ownership interest. T-Mobile contends that indirect foreign ownership in Cook IV is consistent with the public interest, convenience, and necessity. Furthermore, T-Mobile requests that approval of the current intermediate-tier holding companies extend not only to Cook IV but also to the other wholly owned licensee subsidiaries of T-Mobile.

If we do not hear from you by **Noon Dec. 31, 2008**, we will assume that you do not have any concerns with the above listed applications.

Sincerely,

*George Li* 

George Li, Deputy Chief, Policy Division
