*Re: Notice In Accordance with Article 7 of the Network Security Agreement (NSA) effective December 18, 2009, by and between TerreStar Corporation, TerreStar Networks Inc. and their Affiliates and subsidiaries (collectively, "TerreStar"), on the one hand, and the U.S. Departments of Justice and Homeland Security ("the Government Parties")*

Ladies and gentlemen:

TerreStar hereby provides notice in accordance with Article 7 of the NSA between the Government Parties and itself. A wholly-owned subsidiary of TerreStar Networks Inc., TerreStar License Inc., filed International Section 214 applications with the FCC on May 18, 2010 pursuant to 47 C.F.R. § 63.18(e)(1) and (2) seeking authority to provide facilities-based and resale-based international common carrier service. The applications are referenced as FCC File Nos. ITC-214-20100513-00194 and ITC-214-20100513-00195.

Article 7 of the NSA stipulates that any FCC authorization issued to TerreStar must be conditioned upon compliance with the terms of the NSA. It further obligates TerreStar to ask the FCC, in

Douglas Brandon  
General Counsel & Secretary

conjunction with approval of pending applications, to adopt a “Condition to FCC Authorization”<sup>1</sup> memorializing that regulatory approval is conditioned upon compliance with the NSA.

In a recent grant of blanket authority to TerreStar authorizing it to operate integrated satellite and terrestrial mobile terminals (call sign E060430, issued subsequent to the effectiveness of the NSA), the FCC conditioned the grant upon TerreStar’s compliance with provisions of the NSA.<sup>2</sup> TerreStar License Inc. hereby requests that the FCC adopt a condition to its pending International Section 214 applications similar to that prior condition.

TERRESTAR LICENSE INC.

By: /s/  
Douglas I. Brandon  
General Counsel

---

<sup>1</sup> See Appendix A to the NSA.

<sup>2</sup> “This authorization is conditioned upon compliance with the provisions of the Agreement between TerreStar, its parent company, and affiliates, on the one hand, and the Department of Justice and the Department of Homeland Security, on the other hand, dated December 18, 2009, which is intended to enhance U.S. national security, law enforcement, and public safety. Nothing in the Agreement is intended to limit any obligation imposed by Federal law or regulation.” *In the Matter of TerreStar Networks Inc Application for Blanket Authority to Operate Ancillary Terrestrial Component Base Stations and Dual-Mode MSS-ATC Mobile Terminals in the 2 GHz MSS Bands*, Order and Authorization at ¶ 34(i), DA 10-60, (Jan. 13, 2010).
