

TWIN LAKES COMMUNICATIONS, INC.

Response to Question 9, regarding streamlined processing:

Applicant Twin Lakes Communications, Inc. (“Twin Lakes”) requests streamlined processing of this application, meeting the requirements of Section 63.12(c) of the Commission’s Rules. Specifically, Applicant is not affiliated with any foreign carrier (*see* 47 CFR § 63.12(c)(1)). Twin Lakes has no affiliation with any dominant United States carrier (*see* 47 CFR § 63.12(c)(2)), and Twin Lakes does not seek authorization to provide switched services over private lines to a country not previously authorized by the Commission for such services.

Response to Question 15, regarding prior authorization, *et al.*

Applicant has not previously been granted international Section 214 authority, but is filing simultaneously herewith an application for Special Temporary Authorization to continue providing international resold services. Sections 63.18(e)(3) does not apply to this application because Twin Lakes seeks global resale authorization. Similarly, 63.18(g) is not applicable to Twin Lakes or this application because Twin Lakes is not seeking authorization under Section 63.18(e)(3).
