CERTIFIED MAIL – RETURN RECEIPT REQUESTED

**Re: Comment Cycle Established, International Section 214 Application of China Mobile International (USA) Inc.
File No. ITC-214-20110901-00289**

Dear Mr. Xuan:

On September 1, 2011, China Mobile International (USA) Inc. (CMIUSA) filed an application requesting global or limited global facilities-based and resale authority pursuant to Section 214 of the Communications Act of 1934, as amended.¹ On July 2, 2018, the National Telecommunications and Information Administration (NTIA) filed, on behalf of the Executive Branch of the United States Government, a recommendation that the Commission deny the application.² In its filing, NTIA argues that the application raises substantial and unacceptable national security and law enforcement risks that cannot be resolved through a voluntary mitigation agreement and therefore grant of the application does not serve the public interest.³

CMIUSA may file an Opposition to the NTIA filing no later than **Monday, August 20, 2018**. The Opposition should be filed electronically in File No. ITC-214-20110901-00289 via IBFS. The Opposition must also be served on NTIA. NTIA will have until **Wednesday, September 19, 2018** to file a Reply to the Opposition.

¹ 47 U.S.C. § 214; 47 CFR § 63.18.

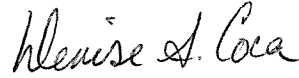

² NTIA mailed a copy of the redacted filing to the last known addresses for CMIUSA and served an unredacted version on CMIUSA's counsel. The NTIA filing (NTIA Recommendation) and service of process letters are available via the International Bureau Filing System (IBFS) by searching for ITC-214-201109-00289 and accessing "Other filings related to this application" from the Document Viewing Area. ³ NTIA Recommendation at 1.
