**Re: Spot Mobile Corp., FCC Application No. ITC-214-20120206-00042;
Request to Stay Consideration**

Dear Sir or Madam:

Spot Mobile Corp. ("Applicant") hereby requests that the Federal Communications Commission ("FCC") stay its consideration of Applicant's International Section 214 Application filed February 1, 2012 and designated Application No. ITC-214-20120206-00042 (the "Application"). The Application is currently pending before the International Bureau of the Federal Communications Commission.

Until recently, Applicant was a wholly-owned subsidiary of Spot Mobile International Ltd ("Spot International"). On May 1, 2012, Applicant received a notice of default from a third-party lender with respect to a Secured Promissory Note, dated September 16, 2011, executed by Applicant in favor of the third-party lender (the "Secured Note"). Applicant was unable to make timely payment of the principal amount and accrued interest due under the Secured Note. The Secured Note was secured by a lien on all of the assets of Applicant and a pledge of the capital stock of Applicant. Due to Applicant's inability to satisfy the amounts due under the Secured Note and the lack of funds available to Applicant in the foreseeable future to pay such amounts, Spot International's board of directors determined that it was in the best interests of Spot International, in order to avoid the necessity, expense and inconvenience of legal proceedings, to surrender to the third-party lender all of the outstanding capital stock of Applicant in satisfaction of all amounts due under the Secured Note. Accordingly, effective May 11, 2012, all of the shares of Applicant's capital stock were transferred to the third-party lender and Applicant is no longer a subsidiary of Spot Mobile International or affiliated with that company (or its affiliates) in any way.

As a result of these changes, the ownership information provided by Applicant in the Application is no longer accurate. Currently, Applicant is being reorganized, and its ownership remains in flux. We anticipate having these issues resolved within 30 days of the date of the change in ownership (*i.e.*, no later than Monday, June 11, 2012). As soon as possible, but in all events before that date, Applicant will amend its application detailing its new ownership information and complete all necessary regulatory filings. Until then, Applicant respectfully requests that the Commission stay its consideration of the Application.

Please contact the undersigned if there are any questions or concerns.
