RE: Discontinuance of 214 License # ITC-214-20120227-00062

Manoa communication Systems LLC wishes to discontinue its 214 license as of September 4, 2013. Manoa provides international calls through our calling cards which are sold in New York only. We have given our retailers notice (see attached letter) of this discontinuance and have redrawn our cards from being sold. Anyone who had bought a card prior to this notice would be given a substitute pin from another company without any cost to that person.
