File No. ITC-214-20140522-00160

REQUEST FOR SPECIAL TEMPORARY AUTHORITY

America Net Communication LLC ("America Net") by its attorneys, hereby requests Special Temporary Authority to temporarily provide international telecommunications services and to operate pursuant to 47 U.S.C. § 214, as amended (herein called the "STA Application"), while application is being contemporaneously sought by the Federal Communications Commission (the "Commission") for permanent Authority pursuant Section 214 of the Communications Act of 1934, as amended and codified under 47 U.S.C. § 214 et. al. (The "Act"). In support of this request, America Net states as follows:

BACKGROUND

America Net is a small-sized Florida limited liability company that desires to provide international long distance calling services to end-user consumers within the United States and Internationally. Specifically, America Net intends to offer services as a reseller MVNO and a Reseller of Carrier service. America Net has previously applied for streamline International Authority to operate pursuant to 47 U.S.C. § 214 in October of 2013. This filing was made as a self-application but staff of the company. Due to unfamiliarity with the Commission's procedures, the application was dismissed by the Commission by delegated authority in December of 2013. America Net later became aware of the dismissal in April of 2014 and sought regulatory counsel to re-apply for International Authority and this second application is anticipated to be removed from current streamline processing for review by Team Telecom because of America Net's foreign ownership by a Brazilian national.¹ America Net now anticipates its first set of triage questions
