It was dismissed because we were missing the ownership information for ComTec Systems Inc. Attempts to contact someone were made but never returned. If you can get me the missing ownership information, I can reverse the dismissal and put it on the next Accepted for Filing PN going out. Thanks.

Hi Adrienne,

I checked the status of the 214 we prepared for the above reference client and it says "dismissed by delegated authority". Can you please advise what this means and how we could resolve this as soon as possible.

File number: ITC-214-20141117-00300

Please let me know at your earliest convenience.

Tahanks
