Discontinuance Notice

The following notice will play in the platform (available in Spanish and in English) when one of the discontinued brands is used:

“Services associated with the calling card you are using will be discontinued effective November 7, 2016. This card will operate according to its terms until that date. For more information, press 8.”

[If 8 is not pressed, the system will continue with call processing.]

[After pressing 8]

“All calling cards throughout the United States of the kind you are using will be discontinued November 7, 2016. Accordingly, such cards may no longer be used for interstate or international calling as of that date. Calls within a state are already prohibited. The carrier for your service is Ceretel Incorporated with an address of 185 Admiral Cochrane Drive, Suite 115, Annapolis, Maryland, 21401. Ceretel Incorporated has filed a notice with the Federal Communications Commission to reflect this discontinuance. The FCC will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC’s Electronic Comment Filing System using the docket number established in the Commission’s public notice for this proceeding or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC, 20554 and include in your comments a reference to the 63.71 Application of Ceretel Incorporated. Comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.”
