Federal Communications Commission
Washington DC

Re: Mr. Oziel Souza End of Employment with Skillnet

Dear Ms. Denise Coca:

Skillnet is writing this letter to inform the FCC International Bureau that Mr. Oziel Souza is no longer working with Skillnet Telecom as Manager and ended his services with Skillnet at the end of October 2015. In previous communications under this application, he was listed and served as a contact person for Skillnet. Please remove him as a contact for the FCC 214 license application and any other pending process for Skillnet Telecom. Please be advised that I, Jose Gomes Junior, will be the official contact person going forward. Skillnet desires to move forward with its FCC 214 license application and regrets any confusion the change of Manager may have created in the application process. In case of any questions, please feel free to contact us during office time at + 1 305 908 1519.

Sincerely,

Jose Gomes Junior
CEO
Skillnet Telecom Service Corp.
