

## **Tango Networks**

### **Attachment 2**

#### **Application for FCC 214 – Resale of International Voice Communications**

The Applicant shall include in Attachment 2 to the application a description of the services to be provided and the facilities to be used. The Applicant shall also certify that it will comply with the terms and conditions contained in [Sections 63.21](#) (conditions applicable to all international Section 214 authorizations), and [63.22](#) (conditions applicable to facilities-based international common carriers) and/or [63.23](#) (conditions applicable to resale-based international common carriers), as appropriate.

Tango Networks is planning on reselling international voice services under the brand name of Free Range Wireless. We will be reselling **TSG Global services**. TSG Global, Inc. is a privately held Facilities Based and Regulatory Compliant VoIP and SMS Texting service provider.

Please refer to attachment 1 for our compliance to Sections 63.21 and 63.23.

This item requires the Applicant to include the following information in Attachment 2 --

- A statement as to whether the applicant has previously received International Section 214 authority. If such authority was granted, the Applicant shall provide a brief description of its authorized facilities and services (see § 63.18(d));

This is the first time that Tango Networks (Free Range Wireless) has applied for an international 214 sections authority.

- If the applicant is seeking facilities-based authority under § 63.18(e)(3), a statement whether authorization of the facilities is categorically excluded as defined by § 1.1306. If answered affirmatively, an environmental assessment as described in § 1.1311 need not be filed with this application (see § 63.18(g)); and

Tango Networks is not a facilities-based provider. We are a reseller of services.

- If the Applicant is applying for authority under § 63.18(e)(3), provide the information and certifications required by that section. See discussion of Section 63.18(e)(3) above.

Tango Networks is not a facilities-based provider. We are a reseller of services.
