Thanks for your reply.

So the last that you heard from him, he did not want to the signed the proposed letter agreement, but he also did not authorize Lance to withdraw the application.

Do I have that right?

Elisa

They advised us that they did not want to respond. We countered by asking if they wanted us to withdraw the Application. We have not received a response as of today.

Lance:
Can we please get an update from you?
Are in touch with your client?
We need to get some sort of response from you or I am afraid we will have to send this back to the FCC and request a dismissal without prejudice.

Thanks,
Elisa

Subject: Quick follow up on OK ROUTE

Lance and Kali:

We need a few other things from the applicant:

1. The network topology map.
2. The contracts with 3rd party providers, like the one with Online.net SAS.
3. We need some information on the security the OK Route's Home Location Register.

Once I receive those, I will have enough information to return to the other agencies to secure consensus for the LOA.

Thanks,
Elisa
