Re: ITC-214-20170301-00028/ Garden Valley Telephone Company Application for
International 214 Reseller Authority

To Whom It May Concern:

Speaking with the bureau staff today I was asked to file a clarification to supplement the applicant's response to Question 14. Garden Valley Telephone Company is a cooperative telephone company owned by its members, and no member owns ten percent or greater shares of the cooperative.

If you have further questions please call me.

Sincerely,

/s/ Thomas G. Burns
